SPECIAL TOWN MEETING

July 19, 1977

Milford, Massachusetts

The meeting was called to order by Moderator Noferi at 7:30 P.M. The monitors reported 127 persons present, a sufficient number for a quorum.

The Town Clerk read the warrant and the officers return thereon.

Article 1. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to defray the cost of Fire Department Salaries established by the Collective Bargaining Agreement dated October 25, 1976, between the Town of Milford and the Milford Permanent Firefighters Association. Said sum is to be spent under the jurisdiction of the Fire Chief, or take any other action in relation thereto. (Fire Department)

Voted: That the Town vote to transfer from the Title II Public Works Account the sum of \$28,734.88, \$18,585.74 of which is to be added to the Fire Department Salaries Account, established as Line Item 71, under Article 4 by the 1977 Annual Town Meeting, and \$10,149.14 of which is to be added to the Fire Department Overtime Account, established as Line Item 71A, under said Article 4.

Voice vote unanimous.

Article. 2. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to be expended under the jurisdiction of the Board of Selectmen for the purpose of hiring a consultant to conduct a time study and evaluation of administrative practices and management of the Milford Fire Department, or take any other action in relation thereto.

(Board of Selectmen)

Voted: That the Town vote to transfer the sum of \$7,000.00 from the Title II Public Works Account to the Selectmen's General Expense Account, Line Item #20, as established under Article #4 of the 1977 Annual Town Meeting.

Voice vote.

It was moved and seconded to dissolve the warrant. The warrant was dissolved at 8:10 P.M.

Article 11. To see if the Town will vote to amend the Zoning By-Law by amending the map entitled, "Milford, Mass. - Zoning," referred to in Section 2.1.1 of the By-Law, which amendment will extend the Highway Industrial (IB) Zoning District, on the easterly side of Cedar Street, so that as extended the IB District will be bordered on the north by land owned by Nicholas Sera; on the east by land of said Nicholas Sera; on the south by land owned by Harriet L. Lundgren and by land owned by the New England Power Co.; and on the west by said Cedar Street; the proposed extension of the IB district will involve a 7½ acre parcel of land now owned by Milford J. and Mary E. Lavin, which parcel is presently situated within the Rural Residential (RD) Zoning District, or take any other action relative thereto. (Robert Ruggiero)

Mr. John Tessicini, a member of the Planning Board read the following report:

PUBLIC HEARING HELD ON NOVEMBER 1, 1977

Chairman Heller relinquished the chair to Mr. Tessicini and left the room prior to discussion of this issue. The public hearing opened at 8:30 P.M. The Clerk read the notice as it appeared in the Milford Daily News. Three Planning Board members were present: John B. Tessicini, James D. Griffith, and Arthur Iacovelli. Twenty interested individuals were also present.

Attorney Heller stated that the area at interest to Mr. Ruggiero is the first lot on the southerly part of the 7½ acre section and that the existing IB zone lies directly to the south. Attorney Heller continued that due to the absence of town water and sewerage, Mr. Ruggiero would have to build a septic system and drill a well to service the 40 unit motel that he intends to finance, build and operate.

In answer to questions from Resident Paul Sarah, Mr. Guerriere stated that water flows across the road, however, the septic system cannot be in water because it would not work. Also, Mr. Guerriere stated that the percolation test revealed good material — a silty sand and gravel soil and rates a 5 mins/in. and 2 mins/in., and that the water table would be checked in the spring. Mr. Guerriere stated that the septic system would be located in the area of the culvert on Cedar St., 25' away from the drain, a minimum of 100' from the wells, and that state approval would not be required in this case. Mr. Guerriere stated that if it were hot-top (270' frontage), the system could be put beneath the pavement, approximately 100' back from the street, and that if there will be a wall in back would depend on site and building plans. In answer to Resident Paul Sarah's

question concerning a prior construction (now Coronado Apts.), Attorney Heller stated that the construction had been built prior to the new strict zoning regulations, and that there is now a moratorium on apt. construction, and that apts. are prohibited in an IB zone.

In answer to a question from Resident Nicholas Sarah, Attorney Heller reported that a meeting with the Conservation Com. was planned subsequent to the public hearing. In answer to another question of Nicholas Sarah, Mr. Guerriere stated that the motel would generate 8,000 gals. of sewerage per day, and if untreated, nitrates could be a problem. In answer to a question from Resident Patricia David, Attorney Heller stated that the motel lot would have a lounge and possibly a restaurant, and on the other lots, legally zoned commercial ventures. In another reply to a question of Patricia David in reference to the kind of clientel the lounge would attract, Mr. Ruggiero answered that the motel would be similar to the Koala Inns in Framingham and Braintree with a small lounge to service the motel customers. In answer to a question of Nicholas Sarah concerning noise, Attorney Heller replied that the lounge would not be large enough to house a live band. Resident James David voiced his concern about the types of businesses that might locate in the area and cause related traffic problems.

Mr. Lavin (Owner of the Property) stated that there is no brook and no water across his land and that there is a 10" concrete pipe and concrete tiles under his garden area placed there by himself to deal with a run off. Mrs. Lavin stated that the front of her property had become a turn-around for trucks, cars, and snowplows, and that in her opinion, the zone was already commercial in everything but name.

In answer to a question by Resident Mike Melopotano, Mr. Ruggiero replied that he was in the real estate business and had been considering such a plan for 5 years, and that he had looked into other sites, but had found none more favorable.

Mr. Symonds of the Water Co. stated his serious reservations because of the prevalence of ledge close to the surface in Milford, stating he felt the 8,000 gals. of sewerage generated by the motel would not be sufficiently ground filtered and would end up at the low point which is the Charles River, 700' away, the Town's main source of water, servicing 25,000 people. He continued that special treatment of the water, if necessary, would be reflected as higher costs to customers in their bills. Mr. Guerriere stated that two million gals. of water a day are drawn into the system, further diluting the sewerage and that other methods of controlling nitrates are spray irrigation and the construction of algae ponds. In answer to Mr. Symond's concern about the possibility of oil tanks rupturing in the heating system, Mr. Ruggiero replied that the proposed construction would be a slab, without foundation, and electrically heated. Mr. Symonds continued that the area had been recently rezoned to preserve it as a watershed area for the Town. Mr. Guerriere reported that the area could accommodate three residences generating approximately 500 gals. of sewerage per home.

Mr. Joseph Donegan suggested that both sides of Cedar St. be opened up north of 495 for industry, first 1000 feet, and stated he felt penalized by the Water Co., suggesting that it buy the land, giving the people proper value for the property.

In answer to Mrs. Lavin's question concerning his objections if the motel were connected to the water and sewerage systems, Mr. Symonds replied that the Water Co. had refused service north of Dilla St. for the same reasons expressed this evening. Mr. Guerriere stated that the present sewerage system extends to Purchase St. School and Ivy Lane. Attorney Heller stated that the peak periods for the motel would be between 6 P.M. and 8 A.M. and all restrictions as to open spaces and zoning would apply to the area. Both Attorney Heller and Mr. Symonds agreed more expertise was needed on specific questions involved.

After all parties had been heard, the public hearing was closed and the matter was taken under advisement.

At the regularly scheduled meeting of December 6, 1977, after Chairman Heller relinquished the Chair to Mr. Tessicini and left the room, the remaining three Planning Board members evaluated the proposed article. Attorney Heller appeared before the Board to request it's sponsorship of the article, if the vote were favorable, thereby permitting it to be included in the January 4, 1978, special town meeting warrant. Mr. Iacovelli reported that he had walked the site on Saturday and Sunday prior to this meeting because of his concern for the watershed area, and had concluded that the applicant could argue the merits at the town meeting.

Mr. Griffith moved to recommend favorable action to the town meeting on the rezoning of Cedar Street from RD to IB. Seconded by Mr. Iacovelli, unanimous vote of 3. Mr. Griffith emphasized that this action favored the site rezoning and nothing else. Attorney Heller expressed his willingness to make the presentation to the town meeting. Mr. Iacovelli moved that the Planning Board sponsor the Article at the special town meeting. Seconded by Mr. Griffith, unanimous vote of 3.

JOHN B. TESSICINI
JAMES D. GRIFFITH
ARTHUR R. IACOVELLI

Mr. Robert Ruggiero a non-resident was given unanimous consent to address the meeting, He showed slides of the Lavin property.

The Finance Committee reported favorable action.

At this time it was moved "the previous question." 121 in favor and 4 opposed the motion carried.

Question now came on a motion worded the same as the article and it was

Voted: To amend the Zoning By-Law by amending the map entitled, "Milford, Mass.-Zoning," referred to in Section 2.1.1 of the By-Law, which amendment will extend the Highway Industrial (IB) Zoning District, on the easterly side of Cedar Street, so that as extended the IB District will be bordered on the north by land owned by Nicholas Sera; on the east by land of said Nicholas Sera; on the south by land owned by Harriet L. Lundgren and by land owned by the New England Power Co.; and on the west by said Cedar Street; the proposed extension of the IB District will involve a 7½ acre parcel of land now owned by Milford J. and Mary E. Lavin, which parcel is presently situated within the Rural Residential (RD) Zoning District.

A standing vote was taken and 110 voted in favor and 27 voted opposed the vote carried.

It was moved and seconded to dissolve the warrant.

The warrant was dissolved at 10:30 P.M.

SPECIAL TOWN MEETING March 27th, 1978 Milford, Massachusetts

The meeting was called to order by Moderator Michael J. Noferi at 7:30 P.M. The monitors reported 120 persons present, a sufficient number to constitute a quorum.

The Temporary Town Clerk read the Warrant and the Officers return thereon.

William F. McAvoy reported that Finance Committee recommended favorable action on Article 8 of the warrant and referred other articles to the Planning Board.

Article 1. To see if the town will vote to amend the Zoning By-Law by deleting therefrom Article I in its entirety, and by inserting in place thereof a new Article I, Administration and Procedure, which has been designated as Appendix A to this Warrant, which is made a part of this Article, and which is on file in the Office of the Town Clerk, or take any other action relative thereto.

(Planning Board)

Seena Heller, Chr. of the Planning Board presented the following report:

Public Hearing held on March 15, 1978—Public Hearing Report Zoning By-Law

The Public Hearing opened at 7:05 P.M. The Clerk read the public notice as it appeared in the Milford Daily News. All five members of the Planning Board were

present: Chairman Seena Heller, Members John B. Tessicini, James D. Griffith, Arthur R. Iacovelli, and Michael T. Parente. Approximately fifty interested individuals were also present.

Chairman Heller explained the purpose of the Public Hearing, and continued that the By-Laws to be presented were the product of two years' work by the Planning Board, Zoning Board of Appeals, Town Counsel, Selectmen, and Conservation Commission. Mrs. Heller explained that the new State Law will be in effect in all communities after June 30, 1978.

Town Counsel Doherty explained that Article I brings the procedures into compliance with the state building code and brings Milford's By-Laws into compliance with Chapter 40 of the General Laws. It also provides for new enforcement procedures and provides a mechanism for waivers in certain instances.

Mr. Domenic Blasio, President of the Greater Milford Builders' Association, presented copies of the Association's comments and criticisms to members of the Planning Board and the Town Counsel. One of the major objections was to the grading plan which Mr. Blasio pointed out would add to the cost of a house. Town Engineer John Parmentier pointed out that similar plans are already required in all areas that are not sewered with seventy-five per cent of the present construction in those areas. Mr. Parmentier pointed out that drainage problems have existed and still exist, and commented that such a grading plan protects the builder as well as the homeowner. Mr. Blasio commented that the builders' hand would be tied if they had to present a landscaping plan and had to adhere to that plan. Planning Board Member Arthur Iacovelli noted that there was ample opportunity to amend the plan, if that were necessary. Town Counsel confirmed that any plan may be amended with approval by the Building Commissioner. Mr. Blasio stated that the objection was not to the particular items, but primarily to the cost factor. Chairman of the Conservation Commission Verna Cahill pointed out that even sewered homes could be in a flood area, and that if grading is shown, it can be a help to the home owner who would then know exactly what was on his land. She further stated that it is an important issue and is helpful to the Conservation Commission. Local Builder Vincent Farese also objected, pointing out that there are non problem lots that could be supervised by the Building Commissioner, and that these regulations would add to the cost of a house. Renaldo DeLuzio of the Conservation Commission agreed with Mr. Farese that grading a lot from a house is a trivial matter, but protecting a neighbor's property is important and there should be a way of ascertaining that one house does not affect another. Nello Allegrezza of the Conservation Commission stressed the importance of contours as they are critical to adjoining property. Mr. Blasio pointed out that the builders now have a mechanism for insuring repairs of new homes with the home warranty program that could pay for correcting any problems if they arose. Chairman Heller agreed that it was commendable that the warranty on the homes had finally been adopted, and asked Mr. Blasio if it were voluntary or compulsory for the builder to take out this home warranty insurance. Mr. Blasio answered that it was voluntary. Mrs. Heller stated

that, under the circumstances, if the builder chose not to spend the money for the insurance, those home owners would have no protection. All aspects of Article I were discussed in detail for two and one half hours.

John Tessicini moved to close the Public Hearing and take all matters under advisement. Mr. Parente seconded. Unanimous vote of 5.

Subsequently, on March 21, 1978 at a Regularly scheduled Meeting of the Planning Board, at which all five members of the Board were present, the issue of the proposed amendments under Article I of the Warrant were again discussed.

The Board voted unanimously to amend the following sections of Article I: 1.10.1, 1.15.2.1, 1.15.4, and 1.16.1. Mr. Tessicini moved to recommend favorable action on Article I, as amended. The motion was seconded by Mr. Iacovelli. The Board voted unanimously to recommend favorable action to the Town Meeting on Article I, as amended.

Voted: To amend the Zoning By-Law by deleting therefrom Article I in its entirety, and by inserting in place thereof the following new Article I:

ARTICLE I ADMINISTRATION AND PROCEDURE

1.1 Title and Authorization

This By-Law shall be known and may be cited as the Zoning By-Law of the Town of Milford, Massachusetts and is referred to hereinafter as "this By-Law." This By-Law is adopted in accordance with and pursuant to the authority granted to the town by Chapter 40A of the Massachusetts General Laws, the Home Rule Amendment to the Massachusetts Constitution, and any and all amendments thereto.

1.2 Purpose and Intent

This By-Law is designed to lessen congestion in the streets; to secure safety from fire, flood and other dangers; to provide adequate light and air; to prevent overcrowding of land and undue concentration of population; to encourage housing for persons of all income levels; to facilitate the adequate provision of water supply, drainage, sewerage, schools, open space and other public requirements; to conserve the value of land and buildings, including the conservation of natural resources and the prevention of blight and pollution of the environment; to promote the development of the natural, scenic and aesthetic qualities of the community; to promote an efficient land use pattern which fosters a diversified tax base without imposing an undue burden on the town's financial and service capabilities; and to promote the growth and physical development of the town in accordance with plans, policies and pro-

grams adopted by the Planning Board, with due consideration given to the recommendations of the appropriate state and regional planning agencies.

1.3 Administrative Official

This By-Law shall be administered and enforced by the Building Commissioner, with the assistance of such other persons as the Board of Selectmen or Town Meeting may direct. Duties of the Commissioner under this By-Law shall include receiving applications, issuing building permits, interpreting district boundaries, approving plans, inspecting premises, issuing certificates of zoning compliance, taking action on violations, and any other lawful actions necessary or appropriate to ensure compliance with this By-Law.

1.4 Building Permit

1.4.1 Requirement of Permit - No building or structure shall be erected, enlarged, moved, altered, removed or demolished without a permit issued by the Building Commissioner. No such permit shall be issued until such construction, alteration or use, as proposed, shall comply in all respects with provisions of this By-Law, or with a decision rendered or special permit granted by the Board of Appeals or other designated special permit granting authority.

1.4.2 Permit Procedure — The Building Commissioner shall require that all applications for building permits and accompanying plot plans and specifications required by Section 113 of the State Building Code contain the following:

- (a) A grading plan, prepared by a registered land surveyor or registered professional engineer, showing proposed finished grading at two-foot minimum contour intervals; the location of wetlands, the areas bordering such wetlands, and land within a flood hazard district on the site, if any; and drainage provisions and their effects on adjoining parcels.
- (b) Such other information as the Building commissioner may require to ensure compliance with this By-Law, such as off-street parking areas, screening, fencing, open space and earth removal.

1.4.3 Waivers — The Building Commissioner may waive any requirement for a grading plan for the alteration or enlargement of an existing building or structure, or for the construction of an accessory building or structure. Said requirement may also be waived for the construction or erection of a non-accessory building or structure if such a waiver is first approved by the Planning Board, the Board of Health and the Conservation Commission.

1.4.4 Commencement of Work; Compliance — No work, involving the construction, enlargement, alteration, removal, demolition or moving of a building or structure, shall begin until all required plans accompanying the application for the building permit for such work have been approved by the Building Commissioner. Such work shall be carried out in compliance with such plans.

1.4.5 Time Limitations — If the work authorized by any building permit has not commenced within six months after its issuance, or if such work is suspended for a period of one year after its commencement, said permit shall be cancelled by the Building Commissioner, and written notice of such cancellation shall be given to the holder of said permit. Notwithstanding the foregoing time limitations, the Building Commissioner may allow, for good cause, not more than two extensions of said permit; however, such extensions shall not exceed 90 days each.

1.4.6 Foundation Location Plan — Upon the completion of the foundation of a new or substantially altered structure, a foundation location plan shall be submitted in triplicate to the Building Commissioner. Said plan shall be signed by a registered land surveyor or registered professional engineer and shall indicate that the foundation is located in substantial accordance with the approved plans specified in Section 1.4.2, above. An updated or modified plot plan may serve as a foundation location plan. No further work shall proceed until such plan has been approved by the Building Commissioner, except for the modification of such foundation to comply with the approved plot plan. No such foundation location plan shall be required relative to the construction or alteration of any structure for which a waiver has been granted in accordance with Section 1.4.3, above.

1.4.7 Final Plan — Upon the completion of a new or substantially altered structure, for which a grading plan, as specified in Section 1.4.2, above, was required, a final plan, signed by a registered land surveyor or registered professional engineer, shall be submitted in triplicate to the Building Commissioner. Such final plan shall show the location, ground coverage outline, gross floor area and external dimensions of any building or structure shown on the plans submitted pursuant to Section 1.4.2, above, and approved by the Building Commissioner as specified in Section 1.4.4, above. Such final plan shall also show the drainage systems, off-street parking areas, signs, fences, screening areas and other accessory facilities, either shown on said approved plans, or otherwise required or regulated by this By-Law. Such final plan shall contain a certification that the buildings, structures and other facilities shown thereon are in compliance with the said approved plans, with this By-Law and with any applicable decision of the Board of Appeals or other designated special permit granting authority. An updated or modified plot plan or foundation location plan may serve as the final plan. Such final plan shall be accompanied by a written notification that the work shown on said approved plans has been substantially completed. No such final plan shall be required relative to the construction or alteration of any building or structure for which a waiver has been granted in accordance with Section 1.4.3, above.

1.5 Certificate of Zoning Compliance

1.5.1 Requirement for Certificate — No premises and no building or structure, erected, constructed, enlarged or altered, or in any way changed as to use, under a permit or otherwise, shall be occupied or used unless a

Certificate of Zoning Compliance for such occupancy or use is issued by the Building Commissioner. Such certificate shall not be issued until the premises, building or structure, and the proposed use and accessory uses comply in all respects with this By-Law, and with any applicable decision of the Board of Appeals or other designated special permit granting authority.

1.5.2 Certificate Procedure — An application for a Certificate of Zoning compliance shall be filed with the Building Commissioner and shall be accompanied with the Certificate of Occupancy required by the State Building Code. No such application, which involves the occupancy or use of premises with respect to which a final plan is required by Section 1.4.7, above, shall be favorably acted upon by the Building Commissioner until the notification of substantial completion and said final plan have been duly submitted in accordance with said Section 1.4.7, and the Commissioner has approved said final plan. Within seven days of the date on which such application is filed with the Building Commissioner, the Commissioner shall either allow or deny such application in writing and shall set forth the reasons for his action thereon. A Certificate of Zoning Compliance shall be conditional on the maintenance of full compliance with the provisions of this By-Law in effect at the time of issuance, and with any applicable decision of the Board of Appeals or other designated special permit granting authority, and such certificate shall be revoked if such compliance should fail.

1.5.3 Temporary Certificate — Pending the issuance of a Certificate of Zoning Compliance, as specified in Section 1.5.1, above, a temporary Certificate of Zoning Compliance may be issued for a period not exceeding six months during the alteration of a presently occupied building or for partial occupancy or use of a building pending its completion. No such temporary certificate shall be issued if the building and its accessory uses fail to conform to the provisions of this By-Law to such a degree as to create a discernible inconvenience or hazard to the public or to those who propose to occupy said building. Notwithstanding the foregoing time limitation, the Building Commissioner may allow, for good cause, not more than two extensions of such temporary certificate; however, such extensions shall not exceed 90 days each.

1.5.4 Completion of Plantings — All trees, landscaped open space and buffers, planting screens and other landscaping required by this By-Law, or by any applicable decision of the Board of Appeals or other designated special permit granting authority shall be installed prior to occupancy or commencement of use. Where such compliance is impracticable due to the season of the year, the Building Commissioner may issue a temporary Certificate of Zoning Compliance, as specified in Section 1.5.3, above. No Certificate of Zoning Compliance, as specified in Section 1.5.1, above, shall be issued until all required plantings have been completed, and such Certificate shall be revoked if the owner fails to maintain such plantings or landscaping.

1.6 Violations

1.6.1 General Requirement — If the Building Commissioner shall be informed or have reason to believe that this By-Law, any permit or plan required herein, or any decision of the Board of Appeals or other special permit granting authority has been, is being or may be violated, the Commissioner shall initiate an investigation of the facts and inspect the property where the violation is suspected. Written requests for the enforcement of this By-Law shall be acted upon by the Building Commissioner within fourteen days in accordance with Section 7 of Chapter 40A of the General Laws, and if the Commissioner shall refuse to act on any such request, an appeal may be taken in accordance with Section 8 of said Chapter 40A and Section 1.8 of this By-Law. If any such violation is found by the Building Commissioner, the violator shall be duly notified of the nature of the violation and shall be subject to any and all actions specified below that may be deemed appropriate by the Commissioner to correct that violation. Nothing in this section shall be construed to limit any procedures provided by said Chapter 40A for the enforcement of zoning by-laws.

1.6.2 Withholding of Permit — The Building Commissioner shall withhold a permit for the erection, construction, enlargement, alteration, removal, demolition or moving of a building or structure if the building or structure, as erected, constructed, enlarged, altered, removed, demolished or moved, would be in violation of this By-Law, or any applicable decision of the Board of Appeals or other designated special permit granting authority. The Building Commissioner shall also withhold any Certificate of Zoning Compliance or other permit for the new use of any building, structure or land if such new use would be in violation of this By-Law or any decision of the Board of Appeals or other designated special permit granting authority. No officer, board, committee or commission of the Town of Milford shall grant any permit or license for a new use of a building, structure or land if such use would be in violation of this By-Law or any such decision.

1.6.3 Stop Order — A stop order may be issued by the Building Commissioner with respect to any violation of this By-Law or decision of the Board of Appeals or other designated special permit granting authority. Such order shall be issued to the owner of the property on which the violation is occurring, or to his agent. Such order shall be in writing and shall state the nature of the violation, and the conditions under which the work or use may continue. A time limit, not to exceed seven days, shall be permitted to allow for the necessary correction of the violation, or for the initiation of appropriate action necessary to correct the violation. Any person who shall perform work, or use or occupy property in violation of a stop order shall be in violation of this By-Law and shall be subject to the enforcement provisions provided herein. The failure of the Building Commissioner to issue a stop order for any reason whatsoever shall not be construed as an estoppel against the Town of Milford, and shall not serve to prevent the town from pursuing any other legal remedy provided by Chapter 40A of the General Laws for the enforcement of zoning by-laws.

1.6.4 Revocation of Permit — The Building Commissioner may revoke any permit or certificate issued under the provisions of this By-Law if there were any false statements or misrepresentations of fact in the application or plans on which such permit or certificate was based.

1.6.5 Prosecution of Violation; Penalty — If the notice of any violation or stop order is not complied with by the expiration of the time specified therein for the correction of the violation, the Building Commissioner shall institute legal action with respect to the violative action, use or condition. Any person who violates any provision of this By-Law or of any decision of the Board of Appeals or other designated special permit granting authority shall be subject to a fine of not more than \$50.00. Each day that any such violation continues to exist after written notice thereof by the Building Commissioner shall constitute a separate offense.

1.7 Board of Appeals

1.7.1 Composition; Term of Office — There shall be a Board of Appeals, consisting of five members and two associate members, appointed by the Board of Selectmen. The five members of the Board of Appeals shall be appointed to five year overlapping terms so arranged that the term of one member shall expire each year on the first Monday following the Annual Town Election. The two associate members of the Board of Appeals shall be appointed to three year terms, which shall expire on the first Monday following the Annual Town Election. The terms of the said associate members shall be arranged so that the term of only one associate member shall expire in any single year.

1.7.2 Vacancies; Removal from Office — Any vacancy in the office of member of the Board of Appeals and any vacancy in the office of associate member of the Board of Appeals, occurring by reason of death, resignation, removal, as herein provided, or otherwise, shall be filled by the Board of Selectmen for the balance of the unexpired term. Any member or associate member of the Board of Appeals may be removed from office by the Board of Selectmen upon written charges and after a public hearing.

1.7.3 Compensation — Subject to appropriation, the members and associate members of the Board of Appeals shall receive such compensation as from time to time be provided in the Personnel Wage and Salary Administration Plan.

1.7.4 Powers and Duties — The Board of Appeals shall have the following powers:

- (a) To hear and decide appeals in accordance with Sections 1.8 of this By-Law.
- (b) To hear and decide applications for special permits upon which the board is empowered to act under this By-Law.
- (c) To hear and decide petitions for variances.

In exercising the powers granted by subsection (a) of this Section 1.7.4, the Board of Appeals may make orders or decisions, reverse or affirm in whole or in part, or modify any order or decision, and to that end shall have all the

powers of the officer or board from whom or which the appeal is taken, and may issue or direct the issuance of a permit or certificate.

1.7.5 Officers; Rules — The Board of Appeals shall elect annually a chairman from its own number and a clerk, and may, subject to appropriation, employ experts and clerical and other assistants. The board shall adopt rules, not inconsistent with this By-Law or with Chapter 40A of the General Laws, for the conduct of its business, and regulating appeals, and applications and petitions for variances and special permits submitted for action to the board. Such rules may prescribe the form, size, content and number of copies of any such application, petition or appeal, and accompanying plans, and may establish a filing fee to defray the cost of processing same. Such rules shall be filed with the Town Clerk. Failure of the board to so file such rules with the Town Clerk, as aforesaid, shall render such rules null and void.

1.8 Appeals to the Board of Appeals

1.8.1 Persons Entitled to Bring Appeals — Any person, including an officer or board of the Town of Milford, or an officer or board of any adjoining town, that is aggrieved by an order or decision of the Building Commissioner or of any other administrative officer or board rendered under the provisions of this By-Law or of Chapter 40A of the General Laws, or the Metropolitan Area Planning Council may appeal that order or decision to the Board of Appeals. For the purpose of this section, the inability of a person to obtain a permit, certificate or enforcement action from the Building Commissioner or any other administrative officer or board under the provisions of this By-Law or of said Chapter 40A shall constitute an order or decision which can be appealed to the Board of Appeals in accordance with this section.

1.8.2 Application Procedures — An appeal to the Board of Appeals shall be taken within 30 days of the date of the order or decision being appealed. Such appeal shall be initiated by the filing of a notice of appeal, in quadruplicate, with the Town Clerk. Such notice of appeal shall be as specified by the rules of the Board of Appeals and shall specify the grounds for the appeal.

1.8.3 Transmittal Requirements — Upon the receipt of any such notice of appeal, the Town Clerk shall forthwith transmit copies of that notice to the Building Commissioner, or to such other officer or board whose decision forms the subject matter of the appeal, and to the Board of Appeals and to the Planning Board. An additional copy of that notice shall be kept in the office of the Town Clerk. The Commissioner, or other officer or board, as the case may be, shall forthwith upon receipt of such copy submit to the Board of Appeals and to the Planning Board copies of all documents and papers relating to such order or decision.

1.8.4 Review by the Planning Board — The Planning Board may, within 30 days of the date on which such notice of appeal was filed with the Town Clerk, submit a report to the Board of Appeals containing recommendations and the reasons therefor, which report should be designed to assist the Board of Appeals in reaching a

determination of the appeal. The Board of Appeals shall not hold a hearing or render a decision on any such appeal until said report has been received from the Planning Board and reviewed by the Board of Appeals, or the 30 day time limit specified in this section has expired. The report of the Planning Board shall be advisory in nature and shall not prevent the Board of Appeals from reaching a decision contrary to the recommendations set forth in said report.

1.8.5 Public Hearings — The Board of Appeals shall hold a public hearing on any such appeal within 65 days of the date on which the notice of appeal, specified in Section 1.8.2, above, was filed with the Town Clerk. Notice of that hearing shall be published, mailed and posted as required by Sections 11 and 15 of Chapter 40A of the General Laws.

1.8.6 Decisions — The Board of Appeals shall make its decision on any such appeal within 75 days of the date on which the notice of appeal, specified in section 1.8.2, above, was filed with the Town Clerk. The concurring vote of four members of the Board of Appeals shall be necessary to reverse an order or decision of the Building Commissioner or of any other administrative officer or board. Within 14 days of the date on which the Board of Appeals shall make its decision, but in any event no later than 75 days after the date on which such notice of appeal was so filed with the Town Clerk, the Board of Appeals shall place its decision in written form, and shall file that written decision, together with the detailed record of its proceedings, specified in Section 15 of Chapter 40A of the General Laws, with the Town Clerk and in the office of the Planning Board. Upon such filing, the Board of Appeals shall forthwith mail notices of its decision in the manner prescribed by said Section 15. Failure of the Board of Appeals to so file its written decision and detailed report with the Town Clerk within the 75 day period shall result in the revocation of the order or decision which formed the subject matter of the appeal, and the Town Clerk shall, at the expiration of that 75 day period, file a notice to that effect in the office of the Town Clerk and shall cause copies of that notice to be mailed in the manner prescribed by said Section 15. That notice shall specify that the order or decision which formed the subject matter of the appeal was revoked because of the failure of the Board of Appeals to file its written decision and report thereon within 75 days of the date on which the notice of appeal was filed with the Town Clerk. That notice shall also specify that appeals from that constructive revocation, if any, shall be made pursuant to Section 17 of said Chapter 40A, and that any such appeal must be filed within 20 days after the date on which such notice was filed in the office of the Town Clerk.

1.9 Variances

1.9.1 Authorization — The Board of Appeals shall have the power to grant a variance from the terms of this By-Law, in accordance with the provisions of Section 10 of Chapter 40A of the General Laws, in instances where the board specifically finds that each of the following conditions is met:

- (a) With respect to the particular land or structures for which the variance is sought, there are circumstances relating to the soil

conditions, shape or topography of the land or structures and especially affecting such land or structures, but not affecting generally the zoning district in which such land or structures are located.

- (b) A literal enforcement of the provisions of this By-Law from which the variance is sought would involve substantial hardship, financial or otherwise, to the applicant for the variance, and the hardship caused by the circumstances referred to in (a), above.
- (c) The grant of the variance will not cause substantial detriment to the public good.
- (d) The grant of the variance will neither nullify nor substantially derogate from the intent or purpose of this By-Law.

1.9.2 Application Procedures — An application for a variance shall be filed, in triplicate, with the Town Clerk. Such application shall be as specified by the rules of the Board of Appeals.

1.9.3 Transmittal Requirements — Upon receipt of any such application, the Town Clerk shall forthwith transmit copies of that application to the Board of Appeals and to the Planning Board. An additional copy of that application shall be kept on file in the office of the Town Clerk.

1.9.4 Review by the Planning Board — The Planning Board may, within 30 days of the date on which such application was filed with the Town Clerk, submit a report to the Board of Appeals containing recommendations and the reasons therefor, which report would be designed to assist the Board of Appeals in reaching a determination on the application. Such report should specify whether, in the judgment of the Planning Board, any of the provisions of this By-Law should be varied in response to such application, and if so, to what extent and whether any conditions should be imposed on the applicant. The Board of Appeals shall not hold a hearing or render a decision on any such application until such report has been received from the Planning Board and reviewed by the Board of Appeals, or the 30 day time limit specified in this section has expired. The report of the Planning Board shall be advisory in nature and shall not prevent the Board of Appeals from reaching a decision contrary to the recommendations set forth in said report.

1.9.5 Public Hearings — The Board of Appeals shall hold a public hearing on any such application within 65 days of the date on which the application was filed with the Town Clerk as specified in Section 1.9.2, above. Notice of that hearing shall be published, mailed and posted as required by Sections 10 and 11 of Chapter 40A of the General Laws.

1.9.6 Decisions — The Board of Appeals shall make its decision on any such application within 75 days of the date on which the application was filed with the Town Clerk as specified in Section 1.9.2, above. The concurring vote of four members of the Board of Appeals shall be necessary to effect a variance in the application of

any provision of this By-Law. Within 14 days of the date on which the Board of Appeals shall make its decision, but in any event no later than 75 days after the date on which such application was so filed with the Town Clerk, the Board of Appeals shall place its decision in written form, and shall file that written decision, together with the detailed record of its proceedings, specified in Section 15 of Chapter 40A of the General Laws, with the Town Clerk and in the office of the Planning Board. Upon such filing, the Board of Appeals shall forthwith mail notices of its decision in the manner prescribed by said Section 15. Failure of the Board of Appeals to so file its written decision and detailed report with the Town Clerk within the 75 day period shall result in the grant of the variance sought in the application, and the Town Clerk shall, at the expiration of that 75 day period, file a notice to that effect in the office of the Town Clerk and shall cause copies of that notice to be mailed in the manner prescribed in said Section 15. That notice shall specify that the variance sought in the application was granted because of the failure of the Board of Appeals to file its written decision and report within 75 days of the date on which the application was filed with the Town Clerk. That notice shall also specify that appeals from that constructive grant of the variance, if any, shall be made pursuant to Section 17 of said Chapter 40A, and that any such appeal must be filed within 20 days after the date on which such notice was filed in the office of the Town Clerk.

1.9.7 Time Limitations — If the rights authorized by a variance are not exercised within one year of the date on which such variance took effect, they shall lapse and may be reestablished only upon the submission of a new application for a variance in accordance with Section 1.9.2, above.

1.10 Special Permits

1.10.1 Special Permit Granting Authorities — The Board of Appeals and the Planning Board are designated as special permit granting authorities for the issuance of special permits under this By-Law. The Board of Appeals may grant a special permit for any use which is permitted by this By-Law upon issuance of a special permit by the Board of Appeals. The Planning Board may grant a special permit for any use which is permitted by this By-Law upon issuance of a special permit by the Planning Board. No special permit shall be issued unless the special permit granting authority specifically finds that each of the following conditions is met:

- (a) The special permit conforms to the general and specific provisions of this By-Law which are applicable to the use for which the permit is granted.
- (b) The use for which the special permit is sought is in harmony with the general purpose and intent of this By-Law.
- (c) The use for which the special permit is sought will not create undue traffic congestion or unduly impair pedestrian safety.

- (d) The use for which the special permit is sought will not cause substantial harm to the neighborhood, or create a nuisance or hazard affecting the health, safety or general welfare of the citizens of the Town Milford.

1.10.2 Application Procedures —

1.10.2.1 An application for a special permit from the Board of Appeals shall be filed, in quintuplicate, with the Town Clerk. Such application shall be as specified by the rules of the Board of Appeals.

1.10.2.2 An application for a special permit from the Planning Board shall be filed, in quadruplicate, with the Planning Board and a copy of same shall be filed with the Town Clerk. Such application shall be as specified by the rules of the Planning Board adopted pursuant to Section 9 of Chapter 40A of the General Laws, and on file with the Town Clerk.

1.10.3 Transmittal Requirements —

1.10.3.1 Upon receipt of an application filed with the Town Clerk in accordance with Section 1.10.2.1, above, the Town Clerk shall forthwith transmit copies thereof to the Board of Appeals, the Planning Board, the Conservation Commission and the Board of Health. An additional copy of that application shall be kept on file in the office of the Town Clerk.

1.10.3.2 Upon receipt of an application filed with the Planning Board in accordance with Section 1.10.2.2, above, the Planning Board shall forthwith transmit copies thereof to the Board of Appeals, the Conservation Commission, and the Board of Health.

1.10.4 Review by Other Agencies — The agencies to which any such application for a special permit has been transmitted in accordance with Section 1.10.3, above, shall review such application within 30 days of the date on which such application was filed either with the Town Clerk or with the Planning Board, as the case may be. Such review may be held jointly if the chairmen of the boards and commission which comprise those agencies so agree. Said agencies shall make such recommendations as they deem appropriate on any such application, and shall submit to the appropriate special permit granting authority and to the applicant copies of their recommendations. Should any such agency fail to submit recommendations within 35 days of the date on which such application was so filed, the special permit granting authority shall determine that such agency or agencies approve of the application as submitted. Any such recommendations so submitted in accordance with this section shall be advisory in nature and shall not prevent the special permit granting authority from reaching a decision contrary to them.

1.10.5 Public Hearings — The special permit granting authority shall hold a public hearing on any such application for a special permit within 65 days of the date on which such application was filed either with the Town Clerk or with the Planning Board as specified in Section 1.10.2, above. Notice of that hearing shall be published, mailed and posted as required by Sections 9 and 11 of Chapter 40A of the General Laws.

1.10.6 Decisions — The special permit granting authority shall make its decision on any such application for a special permit within 90 days of the date on which the public hearing, referred to in Section 1.10.5, above, was convened. The concurring vote of four members of the Board of Appeals, or the concurring vote of four members of the Planning Board, as the case may be, shall be necessary to issue a special permit. Within 14 days of the date on which the special permit granting authority shall make its decision, but in any event no later than 90 days following the date on which said hearing was convened, the special permit granting authority shall place its decision in written form, and shall file that written decision, together with the detailed report of its proceeding, specified in Section 15 of Chapter 40A of the General Laws, with the Town Clerk and in the office of the Planning Board. Upon such filing, the special permit granting authority shall forthwith mail notices of its decision in the manner prescribed by said Section 15. Failure of the special permit granting authority to so file its written decision and detailed report with the Town Clerk within the 90 day period shall result in the grant of the special permit sought in the application, and the Town Clerk shall, at the expiration of that 90 day period, file a notice to that effect in the office of the Town Clerk and shall cause copies of that notice to be mailed in the manner prescribed in said Section 15. That notice shall specify that the special permit sought in the application was granted because of the failure of the special permit granting authority to take final action on that application within 90 days of the date on which the public hearing thereon was convened. That notice shall also specify that appeals from that constructive grant of the special permit, if any, shall be made pursuant to Section 17 of said Chapter 40A, and that any such appeal must be filed within 20 days after the date on which such notice was filed in the office of the Town Clerk.

1.10.7 Time Limitations — If the rights authorized by a special permit have not been exercised within one year of the date on which such special permit took effect, they shall lapse and may be reestablished only upon the submission of a new application in accordance with Section 1.10.2, above. Notwithstanding the foregoing time limitation, such rights shall not lapse if the Building Commissioner and the special permit granting authority determine that the delay in exercising those rights was for good cause, or if such rights involve construction, the construction was commenced within the one year period, and has continued continuously to completion.

1.11 Effective Dates of Variances and Special Permits

No variance or special permit, or any extension, modification or renewal thereof, shall take effect until a copy of the written decision wherein same was granted, or a copy of the notice of the Town Clerk, specified in Sections 1.9.6 and 1.10.6, above, indicating that the variance or special permit was constructively granted, duly certified by the Town Clerk in accordance with Section 11 of Chapter 40A of the General Laws, has been recorded in the Worcester District Registry of Deeds or the Worcester Registry District.

1.12 Repetitive Petitions

No application for a variance or special permit, and no appeal brought pursuant to Section 1.8, above, materially indistinguishable from a prior application or appeal, which has been unfavorably and finally acted upon by the special permit granting authority or by the Board of Appeals, shall be acted upon favorably within two years of the date of the final unfavorable action unless the following conditions are met:

- (a) The board which denied the prior application or appeal, by a vote of four members, finds specific and material changes in the conditions upon which the previous unfavorable action was based, and describes such changes in the record of its proceedings.
- (b) The Planning Board, by a vote of four members, consents thereto.

Prior to the meeting of the Planning Board at which the issue of consent is to be considered, a notice of that meeting must be published, mailed and posted in the manner prescribed in Section 11 of Chapter 40A of the General Laws.

1.13 Withdrawal of Applications

Any application for a variance or special permit which has been transmitted to the Board of Appeals, in the case of a variance, or filed with or transmitted to the special permit granting authority, in the case of a special permit, may be withdrawn without prejudice by the applicant if such withdrawal is made prior to the date on which the notice of the public hearing on such application is filed. Any such application may be withdrawn after such date only with the approval of the Board of Appeals or the Planning Board, as the case may be. No application shall be withdrawn unless the application files a notice of withdrawal with the Town Clerk. The Town Clerk shall forthwith transmit any such notice to the Board of Appeals or to the Planning Board as the case may be.

1.14 Rules of the Planning Board

As a designated special permit granting authority under this By-Law, the Planning Board shall adopt rules relative to the issuance of special permits, and shall file a copy of those rules with the Town Clerk. Such rules may prescribe the size, form, contents, style and number of copies of plans and specifications and the procedures for the submission and approval of applications for special permits subject to issuance by the Planning Board. Rules adopted by the Planning Board in accordance with this section shall be null and void unless they are so filed with the Town Clerk.

1.15 Site Plan Review

1.15.1 Purpose — The purpose of this section is to provide an effective mechanism whereby the Planning Board will be able to review certain uses and structures, as indicated in Section 2.3, below, and in other provisions of this By-Law, which have been deemed to have a significant impact on the health, safety, convenience and general wel-

fare of the citizens of the Town of Milford. In exercising its authority under this section, the Planning Board shall not withhold its approval of any proposed use or structure unless it shall determine that such use or structure does not comply with the requirements of this By-Law.

1.15.2 Site Plans —

1.15.2.1 Any application for a building permit to construct a new building or to construct an addition to an existing building for a use, designated as being subject to site plan review under the provisions of this By-Law, shall be accompanied by a site plan prepared by a registered land surveyor, registered professional engineer or registered professional architect. This site plan, in addition to fulfilling all the requirements of Section 1.4.2, above, relating to plans, shall contain the following:

- (a) Existing conditions — the topography of the land for which site plan review is sought at 2 foot minimum contour intervals; the location of existing trees, wooded areas, rock masses, and other natural features; the area and dimensions of said land, including lot lines, boundaries, easements and rights of way; existing structures, if any; and existing buildings, if any, located on parcels adjoining said land, if such buildings are situated within 50 feet of said land.
- (b) Proposed structures - the location, ground coverage outline, dimensions, and gross floor area of proposed buildings and structures.
- (c) Proposed accessory facilities — proposed parking and loading areas, driveways, and other means of access; proposed circulation of traffic within the proposed development; location of pedestrian walkways, areas, flow patterns and access points; the size and location of signs and advertising devices; the location and strength of exterior lighting and the areas to be illuminated thereby.
- (d) Traffic generation - projected generation of traffic onto roadways in the vicinity of the proposed development; the capacity of the roadways affected by the proposed development.
- (e) Landscaping - designation of existing features of the landscape to be retained or enhanced; location and dimensions of open space and of buffers, walls and fences to screen the site from surrounding properties; and proposed grading.
- (f) Drainage and water resources - existing water courses, wetlands and flood plains; provisions for drainage and their effects on adjoining parcels; and measures to prevent soil erosion, excessive precipitation run-off and flooding of other properties.

- (g) Utilities - the location of sewage, gas, water and other such lines, and the proposed methods for the disposal of refuse, sewage and other wastes resulting from the uses of the site.

1.15.2.2 Any application for a Certificate of Zoning Compliance for the use of an existing building or structure or of any land, which use is designated as being subject to site plan review under the provisions of this By-Law, and any application for a building permit for the alteration of a building so designated shall be accompanied by a site plan which must meet the requirements for site plans established in Section 1.15.2.1, above. The Planning Board may, however, by an affirmative vote of four members, waive the requirement for a site plan for such uses or alterations, or any one or more of the requirements for such a site plan as established in Section 1.15.2.1. Any such request for a waiver must be submitted in writing to the Planning Board, and must be accompanied by either the application for a Certificate of Zoning Compliance, or the application for a building permit completed in accordance with the provisions of this By-Law. Such request can be submitted either before or after any such application is filed with the Building Commissioner. The Planning Board shall either allow or deny any such request in writing within 30 days of the date on which it is submitted, and shall set forth the reasons for its action, and if granted in whole or in part, the extent of the waiver. The Planning Board shall transmit copies of its decision to the applicant and to the Building Commissioner within said 30 day period.

1.15.3 Application Procedures — Every application for a building permit or for a Certificate of Zoning Compliance which must be accompanied by a site plan as specified in Section 1.15.2, above, shall be submitted in quadruplicate to the Building Commissioner and must be accompanied by four copies of the required site plan.

1.15.4 Transmittal Requirements — Upon receipt of any such application, the Building Commissioner shall forthwith transmit three copies thereof (together with three copies of the accompanying plan) to the Planning Board. No building permit or Certificate of Zoning Compliance shall be issued in response to any such application unless such application and accompanying plan have been approved by the Planning Board, or 45 days have elapsed since the date on which such application was submitted to the Building Commissioner, and the Planning Board has not filed its report on such application, as required by Section 1.15.6, below.

1.15.5 Review by the Planning Board — Within 30 days of the date on which any such application is filed with the Building Commissioner, the Planning Board shall schedule a public hearing thereon and shall mail to the applicant, the Building Commissioner, and any other agencies or persons deemed by the Planning Board to be interested, a notice of the time and place of that hearing and of the fact that such hearing will involve said application and plan. Notices shall be mailed by regular first class mail at least seven days prior to the date of the

hearing. An additional copy of such notice shall be posted in the office of the Town Clerk for seven consecutive days prior to the hearing. At that hearing, the Planning Board shall review said application and plan and shall accept comments thereon.

1.15.6 Report of the Planning Board —

1.15.6.1 Within 45 days of the date on which any such application is filed with the Building Commissioner, and after the public hearing and review, specified in Section 1.15.5, above, the Planning Board shall file a report, in writing, with the Building Commissioner. In that report, the Planning Board shall indicate its approval of the application and accompanying plan if such application and plan reflect full compliance with the provisions of this By-Law. If such full compliance is not so reflected, the Planning Board shall indicate its disapproval of the application and plan and shall set forth a detailed itemization of the instances of non-compliance.

1.15.6.2 If the Planning Board should determine that the application and plan do reflect full compliance with the provisions of this By-Law, but that they do not fulfill any one or more of the following conditions, the Planning Board shall indicate its approval of the application and plan, as required in Section 1.15.6, above. However, the Planning Board shall include in its report a written statement setting forth in detail how the application and plan fail to meet any one or more of the following conditions:

- (a) Internal circulation and egress are such that safety is protected, and access via minor streets servicing single-family homes is minimized.
- (b) Visibility of parking areas from public ways is minimized.
- (c) Adequate access to each structure for fire and service equipment is provided.
- (d) Utilities and drainage for the land for which site plan review is sought will be adequate, and fire provisions meeting all applicable regulations are provided.
- (e) Major topographic changes or removal of existing trees are minimized.
- (f) In or abutting existing residential districts effective use is made of topography, landscaping and building placement to maintain, to the degree feasible, the character of the neighborhood.
- (g) Lighting of parking areas avoids glare on adjoining properties.

1.15.7 Review by Other Agencies —

1.15.7.1 When the Planning Board files the report, specified in Section 1.15.6, above, with the Building Commissioner, it shall file a copy of that report with any officer, committee, commission or board of the Town of

Milford that is authorized by law or regulation to issue a permit or license for the use for which the application and plan were submitted.

1.15.7.2 Such officer, committee, commission or board shall review that report in determining whether the license or permit for such use shall be issued. No license or permit for a use, designated as being subject to site plan review by Section 2.3 or otherwise in this By-Law, shall be so issued unless such report has been so considered, or the aforesaid 45 day period has elapsed and no such report has been filed as required by Section 1.15.7.1, above. Except where the report indicates the Planning Board's disapproval of the application and plan, the report shall be considered advisory in nature and will not prevent such officer, committee, commission or board from issuing a license or permit for such use contrary to any recommendations or findings set forth therein.

1.15.7.3 The provisions of Section 1.15.7.2, above, shall not apply to any officer, committee, commission or board that is required by a statute or regulation adopted thereunder to render a decision on any application for a license or permit on a date prior to the date on which the report of the Planning Board is filed as specified in Section 1.15.7.1, above.

1.16 Lots in Separate Ownership

1.16.1 Any lot lawfully laid out by plan or deed duly recorded, as defined in Section 81L of Chapter 41 of the General Laws, or any lot shown on a plan endorsed with the words, "approval under the subdivision control law not required," or words of similar import pursuant to Section 81P of said Chapter 41, which complied at the time of such recording or such endorsement, whichever is earlier, with the minimum area, frontage, width and depth requirements, if any, of any zoning by-law of the Town of Milford then in effect, notwithstanding the adoption or amendment of the provisions of Section 2.5, below, imposing minimum area, width, frontage, depth or yard requirements, or more than one such requirement, in excess of those in effect at the time of such recording or endorsement, may thereafter be built upon for single-family or two-family residential purposes if, at the time of the first publication of the notice of the public hearing before the Planning Board regarding the adoption or amendment of such provisions, as the case may be, and such provisions are subsequently adopted by the Town Meeting as the outcome of such hearing, or while building on such lot was otherwise permitted, whichever occurs later, such lot was held in ownership separate from that of adjoining land within the same residential district; provided that at the time of building (a) such lot has an area of 5,000 square feet or more, and frontage of 50 linear feet or more, is in a district zoned for single-family or two-family residential use, as the case may be, and conforms except as to area, frontage, width and depth with the applicable provisions of this By-Law then in effect, and (b) any proposed structure is to be located on such lot so as to conform with the minimum requirements of front, rear and side-yard setbacks in effect at the time of recording or endorsement, if any, and if none were then required, with any front, rear and side-yard setbacks required by this By-Law as follows: lots of 10,000 square feet or less, the yard

requirements specified for the RA district; lots of between 10,001 square feet and 20,000 square feet, the yard requirements for the RB district; lots greater than 20,000 square feet, the yard requirements for the RC district.

1.16.2 For the purposes of Section 1.16.1, above, any such lot, referred to therein, shall not be deemed to be buildable if such increased area, frontage, width, depth or yard requirements would be applicable to any building or special permit authorizing the construction of a building or any other structure on such lot in accordance with Section 6 of Chapter 40A of the General Laws.

1.16.3 For the purposes of Section 1.16.1, above, a lot shall not be deemed to be held in ownership separate from that of adjoining land unless its beneficial ownership as well as its record ownership is separate from that of the adjoining land.

1.16.4 The provisions of Section 1.16.1, above, shall not be construed to prohibit a lot being built upon if at the time of building, building upon such lot is not prohibited by this By-Law.

1.17 Amendments

This By-Law may be amended or repealed in the manner prescribed by Section 5 of Chapter 40A of the General Laws. Any proposed amendment shall be submitted to the Board of Selectmen, and may be submitted by any one of the following: (a) the Board of Selectmen; (b) the Board of Appeals; (c) the Planning Board; (d) the owner of any land which will be affected by the amendment; (e) 10 registered voters of the Town of Milford, for proposed amendments to be acted upon at an Annual Town Meeting; (f) 100 such registered voters, for proposed amendments to be acted upon at a Special Town Meeting; or (g) the Metropolitan Area Planning Council. The sponsor of any such proposed amendment shall be responsible for the payment of any costs incurred by the Town of Milford in publishing and mailing the notices of the proposed amendment which are required by said Section 5. No proposed amendment to this By-Law which has been unfavorably acted upon by the Town Meeting shall be considered again by the Town Meeting within two years of the date of such unfavorable action unless the proposed amendment is recommended by the Planning Board.

1.18 Applicability

Where the application of the provisions of this By-Law impose greater restrictions than those imposed by any other by-laws, regulations, permits, restrictions, easements, covenants or agreements, the provisions of this By-Law shall control.

1.19 Fees and Charges

The Board of Appeals shall establish and may amend a schedule of fees to be paid upon the submission of any application, petition or appeal for action by the Board of Appeals. The Planning Board shall establish and may amend such a schedule of fees to be paid upon the submission of any application or petition for action by the Planning Board. The Board of Selectmen shall establish

and may amend such a schedule of fees to be paid upon the submission of any application for action by the Building Commissioner. The schedule of fees authorized by this section shall apply only to the submission of applications, petitions and appeals which are filed pursuant to the provisions of Chapter 40A of the General Laws or of this By-Law. No permit, or certificate shall be issued, and no action shall be taken in response to any such submission unless the required fees have been paid.

1.20 Validity

The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision thereof.

Standing vote—107 in favor, 9 opposed.

Article 2. To see if the Town will vote to amend Article II of the Zoning By-Law in the following manner, or take any other action relative thereto:

1. By deleting from Section 2.1.1 the designation, "Multi-Family Residential.....RM."
2. By deleting therefrom Section 2.2.1, and by inserting in place thereof, the following new Section 2.2.1:
"2.2.1 'No building or structure shall be erected or used and no premises shall be used except as set forth in the 'Use Regulation Schedule.' Symbols employed shall mean the following:
P—A permitted use.
O—An excluded or prohibited use.
A—A use authorized only upon the issuance of a special permit by the Board of Appeals as specified in Section 1.10, above.
S—A use authorized only upon the issuance of a special permit by the Planning Board as specified in said Section 1.10, above."
3. By deleting therefrom Section 2.3, and by inserting in place thereof a new Section 2.3, which has been designated as Appendix B to this Warrant, which is made a part of this Article, and which has been filed in the Office of the Town Clerk.
4. By deleting therefrom Section 2.4.3, and by inserting in place thereof, the following new Section 2.4.3:
"2.4.3 Certain lots are exempted from some of these requirements under the provisions of Section 1.16 of this By-Law."
5. By deleting the second sentence of Section 2.4.7, and by inserting in place thereof the following new sentence:
"No fence or hedge which obstructs vision shall exceed 42 inches in height within 20 feet of a street right-of-way."
6. By deleting from Section 2.5, the Intensity of Use Schedule, any reference to the RM district, and all requirements established therein for that district.
7. By deleting from Section 2.5 the footnotes "e" and "f", and by inserting in place thereof, the following new footnotes "e" and "f":

"eDoes not apply to lots exempted from area requirements by Section 1.16 of this By-Law.

"fThe height requirements shall not apply to farm buildings, chimenys, church spires, flag poles or public monuments; provided, however, that the special permit granting authority may specify a height limit for any such structure where the use of such structure is permitted only upon the issuance of a special permit."

8. By deleting therefrom the unnumbered section entitled, "Height Limitations," and Section 2.6, Moratorium By-Law. (Planning Board)

Seena Heller, Chairman of the Planning Board presented the following report:

Public Hearing held on March 15, 1978—Public Hearing Report Zoning By-Law

The Public Hearing opened at 7:05 P.M. The Clerk read the public notice as it appeared in the Milford Daily News. All five members of the Planning Board were present; Chairman Seena Heller, Members John B. Tessicini, James D. Griffith, Arthur R. Iacovelli, and Michael T. Parente. Approximately fifty interested individuals were also present:

Town Counsel Doherty reviewed and explained Article 2. The discussion of Article 2 was tabled at the request of a resident who had been present for over three hours and was interested in Article 5. Many people who had come to the hearing expressly to discuss Article 5 had already departed due to the lateness of the hour.

At the conclusion of discussion of Article 5, the Public Hearing returned to discussion of Article 2. There were no objections to any portions of the Article, except that the builders and their attorney questioned the exclusion of apartments. The builders and their attorney suggested that there should be some multi-units allowed.

John Tessicini moved to close the Public Hearing and take all matters under advisement. Mr. Parente seconded. Unanimous vote of 5.

Subsequently, on March 21, 1978, at a Regularly Scheduled Meeting of the Planning Board, at which all five members of the Board were present, the issue of the proposed amendments under Article 2 of the Warrant were again discussed.

The Board reviewed the fact that multi-units have been studied in depth for two years, and that it has considered all circumstances relating to the issue. Their conclusion is that there is no discernible need for additional apartment units in the Town. Further, the Board is fully aware of the provisions in Chapter 808 for inclusion of Cluster Zoning and Planning Unit Development which was brought to its attention at the Public Hearing by Attorney Greenwald and the Greater Milford Builders' Association.

The Board is continuing to evaluate these matters which must be explored fully to determine maximum benefit to the Town.

The Board voted unanimously to amend Section 2.3 of Article 2. Mr. Iacovelli moved to recommend favorable action on Article 2 as amended. The motion was seconded by Mr. Tessicini. The Board voted unanimously to

recommend favorable action to the Town Meeting on Article 2, as amended.

²Provided that the Board of Appeals specifically finds that queuing space for at least 15 automobiles is provided, that there is adequate drainage of water and chemicals, and that no drainage will adversely affect the environment, and that there is no queuing of automobiles on a public way.

³See Section 3.7

⁴Clubs and lodges, the chief activity of which is customarily carried on as a business, are prohibited in any residential zoning district.

⁵On special permit, issued by the Board of Appeals, a trailer may be temporarily occupied by persons engaged in the erection or construction of their own dwelling on the same premises for a period not to exceed one year. A trailer may be temporarily occupied by persons who are engaged in the repair of their own dwelling after such dwelling was damaged by fire, storm or other causes, if the trailer so occupied is located on the same premises as the damaged dwelling. Such occupancy shall not exceed six months; however, that period may be extended for not more than an additional six months by the Building Commissioner for good cause shown.

⁶Off-Street parking customarily incidental to a residential use only.

⁷Increase to 4 non-commercial vehicles for a detached single-family house.

⁸Only if such use is accessory to activities which are permitted as a matter of right, and only if the Board of Appeals specifically finds that such use does not substantially derogate from the public good.

⁹Any special permit issued shall lapse in the event that title to the principal building in which the supplemental apartment is created is transferred from the owner of said principal building at the time of issuance to any other person not his spouse. Any such special permit shall lapse within three years of the date on which it is granted, subject to renewal.

4. By deleting therefrom Sections 2.4.3, and by inserting in place thereof, the following new Section 2.4.3:

“2.4.3 Certain lots are exempted from some of these requirements under the provisions of Section 1.16 of this By-Law.”

5. By deleting the second sentence of Section 2.4.7, and by inserting in place thereof the following new sentence:

“No fence or hedge which obstructs vision shall exceed 42 inches in height within 20 feet of a street right-of-way.”

6. By deleting from Section 2.5, the Intensity of Use Schedule, any reference to the RM district, and all requirements established therein for that district.

7. By deleting from Section 2.5 the footnotes “e” and “f” and by inserting in place thereof, the following new footnotes “e” and “f”:

“eDoes not apply to lots exempted from area requirements by Section 1.16 of this By-Law.

“fThe height requirements shall not apply to farm buildings, chimneys, church spires, flag poles or public monuments; provided, however, that the special permit granting authority may specify a height limit for any such structure where the use of such structure is permitted only upon the issuance of a special permit.”

8. By deleting therefrom the unnumbered section entitled, “Height Limitations,” and Section 2.6, Moratorium By-Law.

Standing vote—110 in favor, 8 opposed.

Article 3. To see if the Town will vote to amend the Article III of the Zoning By-Law in the following manner, or take any other action relative thereto:

a. By deleting therefrom Sections 3.1 through 3.1.5, and by inserting in place thereof the following new Sections 3.1, 3.1.1, 3.1.2, 3.1.3, 3.1.4, 3.1.5 and 3.1.6:

“3.1 Non-Conforming Uses — The lawful use of any structure or land existing at the time of the enactment or subsequent amendment of this By-Law may be continued although such structure or use does not conform with the provisions of this By-Law, subject to the following conditions and exceptions:

“3.1.1 Non-Use — Non-Conforming uses and structures which have not been used for two consecutive years shall not be re-established, and any future use shall conform with the provisions of this By-Law: provided however, a non-conforming building which has not been used for a period of two consecutive years, but which has not been abandoned, may still be used in accordance with Section 3.1, above, upon the issuance of a special permit by the Board of Appeals. A non-conforming building shall be considered abandoned when the intent of the owner to discontinue the use is apparent.

“3.1.2 Alterations — A non-conforming structure may not in any twelve month period be altered or reconstructed to the extent that the cost of such alterations exceeds 50% of the market value of the structure as determined by the Building Commissioner, excepting residential structures, other than trailers, for which no limitation is set.

“3.1.3 Restoration — No non-conforming structure damaged by fire, storm or other catastrophe to the extent of more than 75% of its replacement value as determined by the Building Commissioner shall be repaired or rebuilt except in conformity with this By-Law, provided that, as restored, the structure shall not exceed its original area, dimensions or height, and provided that such restoration shall be completed within two years after such catastrophe.

“3.1.4 Extensions — Notwithstanding the foregoing provisions of Sections 3.1.2 and 3.1.3, any non-conforming structure or use may be extended, altered, structurally changed or restored upon the issuance of a special permit by the Board of Appeals. No such special permit shall be issued unless the Board of Appeals shall specifically find that such extension, alteration, change or restoration shall not be substantially more detrimental to the neighborhood than the existing non-conforming use. Single-family residential structures, other than trailers, may be altered, extended, structurally changed or restored without limitation, provided that such action does not involve the construction or erection of any building within any front, side or rear yard required for such structure at the time of its original construction, and if none was so required, within any front, side or rear yard required by this By-Law as follows: lots of 10,000 square feet or less, the yard requirements specified in the RA district; lots of 20,000 square feet or less, the yard requirements for the RB district; lots greater than 20,000 square feet, the yard requirements for the RC district.

“3.1.5 The non-conforming use of land or a building may be replaced by another non-conforming use upon the issuance of a special permit by the Board of Appeals. No such special permit shall be issued by the Board of Appeals unless the Board of Appeals shall specifically find that the replacement use shall not be substantially more detrimental to the neighborhood than the existing use. Once the non-conforming use of land or a structure is brought into conformity with this By-Law, such land or structure shall not revert to any non-conforming use.

“3.1.6. Notwithstanding the conditions set forth in Sections 3.1.3 and 3.1.4, above, a single-family or two-family non-conforming residential structure, except a trailer, may be extended, altered, structurally changed or restored, if such extension, alteration, change or restoration does not increase the non-conforming nature of said structure.”

- b. By deleting therefrom Section 3.3, and by inserting in place thereof the following new Section 3.3:

“3.3 Home Occupations — A business or profession may be engaged in within a dwelling unit only by a permanent resident thereof as an accessory use if the following conditions are met:”

- c. By deleting therefrom Section 3.3.7, and by inserting in place thereof the following new Section 3.3.7:

“3.3.7 Such home occupation shall not include barber shops, beauty parlors, commercial kennels, or the sale of articles produced off the premises; provided, however, a barber shop or beauty parlor may be allowed upon the issuance of a special permit by the Board of Appeals.”

- d. By adding after Section 3.3.7, the following new Section 3.3.8:

“3.3.8 A home occupation permit shall be issued by

the Building Commissioner. Such permit shall be issued for a period not to exceed three years, and shall be renewable upon application filed with the Commissioner.”

- e. By deleting therefrom Section 3.4 and by inserting in place thereof the following new Section 3.4:

“3.4 Parking Requirements — The following requirements shall apply to all premises in all districts except the CA district which is exempt. Adequate off-street parking must be provided on paved surfaces to service all parking demands created by new structures or uses, additions to existing structures or uses, and changes of use in existing structures. Such parking shall be on the same lot as the activity or use it services.”

- f. By deleting from Section 3.4.1 the phrase, “Subject to Site Plan Review,” wherever it appears.

- g. By adding after Section 3.4.4 the following new Section 3.4.5:

“3.4.5 Yard Requirements — The pavement of any open off-street parking area, other than an area servicing a single-family or two-family residential use, shall not extend into the side or rear yard areas required by this By-Law for the district in which such area is located, if such area is located within or adjacent to a residential district or use.”

- h. By adding after Section 3.4.5 the following new Section 3.4.6:

“3.4.6 Exemptions —

“3.4.6.1 Any required off-street area may be provided on a lot which adjoins the lot on which the activity or use it services is located (a) if said adjoining lot is held in common ownership with the principal lot; (b) if the owner of the principal lot has a right, enforceable in law or in equity, to utilize the adjoining lot as an off-street parking area and that right is evidenced by an appropriate instrument recorded in the Worcester District Registry of Deeds, or the Worcester Registry District; or (c) The Board of Appeals issues a special permit authorizing such use of the adjoining lot, which permit by its terms will lapse if the adjoining lot should become unavailable as an off-street parking area.

“3.4.6.2 The number of spaces required by Section 3.4.1, above, may be reduced upon the issuance of a special permit by the Board of Appeals provided that each of the following conditions is met:

“(a) There exists sufficient area on the lot for which the special permit is sought to construct an off-street parking area in strict compliance with this By-Law.

“(b) The parking which will be generated by the proposed use or activity will not demand the number of spaces specified in Section 3.4.1, above.

“(c) The special permit shall lapse within one year of the date on which it is granted, subject to renewal.

“(d) If the special permit does lapse, and is not renewed, the provisions of this By-Law relating to the number of parking spaces shall be met.

“(e) Any renewal of such a special permit shall lapse within three years of the date on which it is issued, subject to renewal.

“3.4.6.3 The parking requirements of this By-Law shall not apply to the change of use of non-conforming premises, or to an addition to a non-conforming structure for which a special permit has been issued by the Board of Appeals in accordance with Section 3.1.4 or Section 3.1.5, above.”

- i. By deleting therefrom Section 3.7.1 and by inserting in place thereof the following new Section 3.7.1:

“3.7.1 The removal of sod, peat, loam, humas, clay, sand or gravel forming a part of the real estate of the town, except when necessarily incidental to and in conjunction with the construction or demolition of a structure or other activity for which a permit has been issued within the past six months, or except when necessarily incidental to and in conjunction with the installation of municipal services in accordance with a plan approved by the Planning Board, or except when necessarily incidental to and in conjunction with the installation or maintenance of public services by the Town of Milford, the Commonwealth or any licensed public utility, or for grading or improving the premises on which such structure is a part, or on which such installation and maintenance work is performed, shall not be permitted except in accordance with the following conditions and procedures:”

- j. By deleting therefrom Section 3.7.6 the words “building inspector,” and by inserting in place thereof the words, “Building Commissioner.”
- k. By changing the section number of the Section 3.9.2.4 which begins with the words, “The total area of all signs,” to Section 3.9.2.5.

- l. By inserting after Section 3.10 the following new Section 3.11:

“3.11 Housing for the Elderly — Multi-family dwellings, and accessory structures and facilities, which are constructed, operated and maintained by the Milford Housing Authority for use by the elderly, shall be permitted within any residential zoning district notwithstanding the provisions of Section 2.3, above. Such dwellings shall be permitted only upon the issuance of a special permit by the Planning Board. No such special permit shall be issued by the Planning Board unless each of the following minimum requirements are met:

“(a) The lot area, building coverage, open space and height requirements for multi-family dwellings in the RA district, as specified in Section 2.5, above.

“(b) The following yard requirements: (i) front, 30 feet; (ii) side, 20 feet; (iii) rear, 30 feet.

“(c) Two parking spaces for each 1 ½ dwelling units or fraction thereof.

“(d) The application for such permit is accompanied by a site plan, as specified in Section 1.15.2.1, above.

“(e) The Planning Board specifically finds that the activity for which the permit is sought will meet each of the conditions set forth in Section 1.15.6.2, above.

(Planning Board)

Seena Heller, Chr. of the Planning Board presented the following report:

Public Hearing held on March 15, 1978—Public Hearing Report Zoning By-Law

The Public Hearing opened at 7:05 P.M. The Clerk read the public notice as it appeared in the Milford Daily News. All five members of the Planning Board were present: Chairman Seena Heller, Members John B. Tessicini, James D. Griffith, Arthur R. Iacovelli, and Michael T. Parente. Approximately fifty interested individuals were also present.

The Public Hearing proceeded to discuss Article 3. Many items were discussed with the representatives of the Builders' Association. A letter from the Housing Authority was read into the records in which the Authority unanimously endorsed Section 3.11 to allow apartments for the elderly in all residential zones.

There was no objection to any of the proposals in Article 3. Relating to parking except for the suggestion from the Builders that an alternate type of paving be allowed for driveways of some residential areas.

John B. Tessicini moved to close the Public Hearing and take all matters under advisement. Mr. Parente seconded. Unanimous vote of 5.

Subsequently, on March 21, 1978, at a Regularly Scheduled Meeting of the Planning Board, at which all five members of the Board were present, the issue of the proposed amendments under Article 3 of the Warrant were again discussed.

The Board agreed that an alternate type of paving driveways in some single residential zones may be acceptable. The Board will research the advisability of an alternate paving material for future action.

The Board voted unanimously to amend the following Sections of Article 3: 3.1.4, 3.4.6.2, and 3.4.5.

Mr. Griffith moved to recommend favorable action on Article 3 as amended. The motion was seconded by Mr. Parente. The Board voted unanimously to recommend favorable action to the Town Meeting on Article 3, as amended.

Voted: To amend Article III of the Zoning By-Law in the following manner:

- a. By deleting therefrom Sections 3.1 through 3.1.5, and by inserting in place thereof the following new Sections 3.1, 3.1.1, 3.1.2, 3.1.3, 3.1.4, 3.1.5 and 3.1.6:

“3.1. Non-Conforming Uses — The lawful use of any structure or land existing at the time of the enactment or subsequent amendment of this By-Law may be continued although such structure or use does not conform with the provisions of this By-Law, subject to the following conditions and exceptions:

“3.1.1 Non-Use — Non-conforming uses and structures which have not been used for two consecutive years shall not be re-established, and any future use shall conform with the provisions of this By-Law; provided, however, a non-conforming building which has not been used for a period of two consecutive years, but which has not been abandoned, may still be used in accordance with Section 3.1, above, upon the issuance of a special permit by the Board of Appeals. A non-conforming building shall be considered abandoned when the intent of the owner to discontinue the use is apparent.

“3.1.2 Alterations — A non-conforming structure may not in any twelve month period be altered or reconstructed to the extent that the cost of such alterations exceeds 50% of the market value of the structure as determined by the Building Commissioner, excepting residential structures, other than trailers, for which no limitation is set.

“3.1.3 Restoration — No non-conforming structure damaged by fire, storm or other catastrophe to the extent of more than 75% of its replacement value as determined by the Building Commissioner shall be repaired or rebuilt except in conformity with this By-Law, provided that, as restored, the structure shall not exceed its original area, dimensions or height, and provided that such restoration shall be completed within two years after such catastrophe.

“3.1.4 Extensions — Notwithstanding the foregoing provisions of Sections 3.1.2 and 3.1.3, any non-conforming structure or use may be extended, altered, structurally changed or restored upon the issuance of a special permit by the Board of Appeals. No such special permit shall be issued unless the Board of Appeals shall specifically find that such extension, alteration, change or restoration shall not be substantially more detrimental to the neighborhood than the existing non-conforming use, or the prior existing non-conforming use, as the case may be. Single-family and two-family residential structures, other than trailers, may be altered, extended, structurally changed or restored without limitation, and without a special permit, provided that such action does not involve the construction or erection of any building within any front, side or rear yard required for such structure at the time of its original construction and if none were so required, within any front, side or rear yard required by this By-Law as follows: lots of 10,000 square feet or less, the yard requirements specified for the RA district; lots of between 10,001 square feet and 20,000 square feet,

the yard requirements for the RB district; lots greater than 20,000 square feet, the yard requirements for the RC district. In the event that such a single-family or two-family residential structure is located within such specified minimum front, side or rear yard area, it may nonetheless be extended within such specified area if the extension is consistent with the existing building line, upon the issuance of a special permit by the Board of Appeals.”

“3.1.5 The non-conforming use of land or a building may be replaced by another non-conforming use upon the issuance of a special permit by the Board of Appeals. No such special permit shall be issued by the Board of Appeals unless the Board of Appeals shall specifically find that the replacement use shall not be substantially more detrimental to the neighborhood than the existing use. Once the non-conforming use of land or a structure is brought into conformity with this By-Law, such land or structure shall not revert to any non-conforming use.

“3.1.6 Notwithstanding the conditions set forth in Sections 3.1.3 and 3.1.4, above, a single-family or two-family non-conforming residential structure, except a trailer, may be extended, altered, structurally changed or restored, if such extension, alteration, change or restoration does not increase the non-conforming nature of said structure.”

- b. By deleting therefrom Section 3.3, and by inserting in place thereof the following new Section 3.3:

“3.3 Home Occupations — A business or profession may be engaged in within a dwelling unit only by a permanent resident thereof as an accessory use if the following conditions are met:”

- c. By deleting therefrom Section 3.3.7, and by inserting in place thereof the following new Section 3.3.7:

“3.3.7 Such home occupation shall not include barber shops, beauty parlors, commercial kennels, or the sale of articles produced off the premises; provided, however, a barber shop or beauty parlor may be allowed upon the the issuance of a special permit by the Board of Appeals.”

- d. By adding after Section 3.3.7, the following new Section 3.3.8:

“3.3.8 A home occupation permit shall be issued by the Building Commissioner. Such permit shall be issued for a period not to exceed three years, and shall be renewable upon application filed with the Commissioner.”

- e. By deleting therefrom Section 3.4 and by inserting in place thereof the following new Section 3.4:

“3.4 Parking Requirements — The following requirements shall apply to all premises in all districts except the CA district which is exempt. Adequate off-street parking must be provided on paved surfaces to service all parking demands created by new structures or uses, additions to existing structures or uses, and changes of use in existing struc-

tures. Such parking shall be on the same lot as the activity or use it services.”

f. By deleting from Section 3.4.1 the phrase, “Subject to Site Plan Review,” wherever it appears.

g. By adding after Section 3.4.4 the following new Section 3.4.5:

“3.4.5 Yard Requirements — The pavement of any open off-street parking area, other than an area servicing a single-family or two-family residential use, shall not extend into the side or rear yard set-backs required by this By-Law for the district in which such area is located, if such area is located within or adjacent to a residential district or use.”

h. By adding after Section 3.4.5 the following new Section 3.4.6:

“3.4.6 Exemptions —

“3.4.6.1 Any required off-street parking area may be provided on a lot which adjoins the lot on which the activity or use it services is located (a) if said adjoining lot is held in common ownership with the principal lot; (b) if the owner of the principal lot has a right, enforceable in law or in equity, to utilize the adjoining lot as an off-street parking area and that right is evidenced by an appropriate instrument recorded in the Worcester District Registry of Deeds, or the Worcester Registry District; or (c) the Board of Appeals issues a special permit authorizing such use of the adjoining lot, which permit by its terms will lapse if the adjoining lot should become unavailable as an off-street parking area.

“3.4.6.2 The number of spaces required by Section 3.4.1, above, may be reduced upon the issuance of a special permit by the Board of Appeals provided that each of the following conditions is met:

“(a) There exists sufficient area on the lot for which the special permit is sought to construct an off-street parking area in strict compliance with this By-Law.

“(b) The parking which will be generated by the proposed use or activity will not demand the number of spaces specified in Section 3.4.1, above.

“(c) The special permit shall lapse within one year of the date on which it is granted, subject to renewal.

“(e) If the special permit does lapse, and is not renewed, the provisions of this By-Law relating to the number of parking spaces shall be met.

“(d) Any renewal of such a special permit shall lapse within three years of the date on which it is issued, subject to renewal.

“3.4.6.3 The parking requirements of this By-Law shall not apply to the change of use of non-conforming premises, or to an addition to a non-conforming structure for which a special permit has been issued by the Board of Appeals in accordance with Section 3.1.4 or Section 3.1.5, above.”

i. By deleting therefrom Section 3.7.1 and by inserting in place thereof the following new Section 3.7.1:

“3.7.1 The removal of sod, peat, loam, humas, clay, sand and gravel forming a part of the real estate of the town, except when necessarily incidental to and in conjunction with the construction or demolition of a structure or other activity for which a permit has been issued within the past six months, or except when necessarily incidental to and in conjunction with the installation of municipal services in accordance with a plan approved by the Planning Board, or except when necessarily incidental to and in conjunction with the installation or maintenance of public services by the Town of Milford, the Commonwealth or any licensed public utility, or for grading or improving the premises on which such structure is a part, or on which such installation and maintenance work is performed, shall not be permitted except in accordance with the following conditions and procedures:”

j. By deleting therefrom Section 3.7.6 the words, “building inspector,” and by inserting in place thereof the words, “Building Commissioner.”

k. By changing the section number of the Section 3.9.2.4 which begins with the words, “The total area of all signs,” to Section 3.9.2.5.

i. By inserting after Section 3.10 the following new Section 3.11:

“3.11 Housing for the Elderly — Multi-family dwellings, and accessory structures and facilities, which are constructed, operated and maintained by the Milford Housing Authority for use by the elderly, shall be permitted within any residential zoning district notwithstanding the provisions of Section 2.3, above. Such dwellings shall be permitted only upon the issuance of a special permit by the Planning Board. No such special permit shall be issued by the Planning Board unless each of the following minimum requirements is met:

“(a) The lot area, building coverage, open space and height requirements for multi-family dwellings in the RA district, as specified in Section 2.5, above.

“(b) The following yard requirements: (i) front, 30 feet; (ii) side, 20 feet; (iii) rear, 30 feet.

“(c) Two parking spaces for each 1 ½ dwelling units or fraction thereof.

“(d) The application for such permit is accompanied by a site plan, as specified in Section 1.15.2.1, above.

“(e) The Planning Board specifically finds that the activity for which the permit is sought will meet each of the conditions set forth in Section 1.15.6.2, above.

Standing vote — 111 in favor, 5 opposed.

Article 4. To see if the Town will vote to amend

Article IV of the Zoning By-Law in the following manner, or take any other action relative thereto.

1. By deleting therefrom the definition of the term, "Boarding House," and by inserting in place thereof the following new definition:

"Boarding House — Any dwelling in which two persons, not members of the family dwelling on the premises, are housed or lodged for hire with or without meals in a room or suite which does not contain separate cooking facilities. A rooming house or a furnished rooming house, in which the rooms or suites of rooms in which the persons are housed or lodged for hire do not contain separate cooking facilities, shall be deemed a boarding house."

2. By deleting therefrom the definition of the term, "Bulk Storage," and by inserting in place thereof the following new definition:

"Bulk Storage — Exposed outside storage of sand, coal or other bulk materials, and bulk storage of liquids in tanks except underground as an accessory use. Bulk storage shall not include the exposed outside storage of lumber and other bulk building materials, where such storage is accessory to a retail sales outlet, and when a special permit for such storage of lumber has been issued by the Board of Appeals."

3. By inserting after the definition of the term, "Family," the following new definition:

"Flea Market — An open-air market for the sale at retail of second-hand articles or antiques."

4. By inserting after the definition of the term, "Granite Quarrying," the following new definition:

"Height — The vertical distance from the average finished grade of the adjacent ground to the top of the structure of the highest roof beam of a flat roof, the deck of a mansard roof, or the mean level of the highest gable or slope of a hip roof."

5. By inserting after the definition of the term, "Junk Yard," the following new definition:

"Livestock or Fowl — Animals or fowl owned or kept by a person, irrespective of the purpose for which they are maintained, but shall not include the keeping of three dogs or three cats, any household pet which is normally kept within a dwelling unit, animals kept for the use of the permanent residents of residential property pursuant to the issuance of a special permit by the Board of Appeals, or horses kept in conjunction with the operation of a public stable the operation of which has been authorized pursuant to a special permit issued by the Board of Appeals."

By inserting after the definition of the term, "Manufacturing," the following new definition:

"Massage Parlor — Any building or structure in which a person practices an activity which must be

licensed by the Board of Health in accordance with Section 51 of Chapter 140 of the General Laws, but excluding an athletic club or gymnasium the primary use of which is physical conditioning or athletics, or any building or structure where such activity is performed by or under the direction of a licensed medical practitioner, or a licensed physical therapist."

7. By inserting after the definition of the term, "Recreation," the following new definition:

"Residential Animals — Not more than two horses, one cow, 10 poultry, or four rabbits, kept and maintained for use of the permanent residents of single-family or two-family residential property."

8. By inserting after the definition of the term, "Schools, Others," the following new definition:

"Scientific Research — Uses, whether or not on the same parcel as activities permitted as a matter of right, accessory to activities permitted as a matter of right, which activities are necessary in connection with scientific research, scientific development or related production."

9. By inserting after the definition of the term, "Structure," the following new definition:

"Supplemental Apartment — An accessory dwelling unit, consisting of not more than three habitable rooms, as defined in Section 501 of the State Building Code, and occupied by not more than two persons, one of whom must be either a grandparent, parent or child of the owner of the building in which such apartment is located, or of the spouse of such owner, created within a detached single-family dwelling house, the creation of which accessory dwelling unit cannot alter the single-family residential appearance of the building in which such apartment is created."

10. By inserting after the definition of the term, "Warehouse," the following new definition:

"Wetlands — Freshwater wetlands, as defined in Section 40 of Chapter 131 of the General Laws, and the regulations promulgated thereunder, and any land bordering such wetlands, as defined in said regulations." (Planning Board)

Seena Heller, Chr. of the Planning Board presented the following report:

Public Hearing held on March 15, 1978—Public Hearing Report Zoning By Law

The Public Hearing opened at 7:05 P.M. The Clerk read the public notice as it appeared in the Milford Daily News. All five members of the Planning Board were present: Chairman Seena Heller, Members John B. Tessicini, James D. Griffith, Arthur R. Iacovelli, and Michael T. Parente. Approximately fifty interested individuals were also present.

Article 4 of the Warrant for the Special Town Meeting provides ten new or revised definitions for inclusion within Article 4 of the Zoning By-Law. The rationale underlying each of the proposed definitions was explained by the Town Counsel. The only questions or comments concerning the definitions involved the terms, "Supplemental Apartment" and "Wetlands". The Greater Milford Area Builders' Association, as represented by its President, Domenic J. Blasio and Attorney Alan Greenwald, Esquire, suggested that as proposed, the term, "Supplemental Apartment", by limiting occupancy to not more than two persons, and to certain members of the immediate family of the owner of the building in which such apartment is constructed, would discriminate against couples who have children, and against homeowners who wish to rent such an apartment to a non-relative. In that sense, it was submitted that the supplemental apartment, as defined, would be discriminatory and illegal. It was further suggested that the construction of such an apartment be permitted, not on special permit, but as a matter of right, that is, upon the issuance of a building permit by the Building Commissioner. Mr. Blasio also stated that elimination of the necessity of a special permit would allow for the construction of such an apartment within a much shorter time period, to the benefit of those persons who wished to accommodate an elderly parent immediately.

The Association further suggested that the term, "Wetlands", as defined, was both ambiguous, and confusing in that it linked the term "Wetlands" to another concept, that is, "Land bordering Wetlands". The Town Counsel indicated his belief that the two concepts should be separated.

John Tessicini moved to close the Public Hearing and take all matters under advisement. Mr. Parente seconded. Unanimous vote of 5.

Subsequently, on March 21, 1978, at a Regularly Scheduled Meeting of the Planning Board, at which all five members of the Board were present, the issue of the proposed amendments under Article 4 of the Warrant were again discussed.

It was agreed that no changes were necessary in the definition set forth in paragraphs 1, 2, 3, 4, 6, or 8. However, the Board agreed that the definition of the term, "Livestock or Fowl", appearing in Paragraph 5, should be amended so that certain types of animals, the keeping of which is an accessory use to a single or two-family residence would be allowed, and that any confusion as to what constitutes livestock or fowl would be eliminated. For the same reason, it was agreed that the definition of "Residential Animals" should also be amended to allow the keeping of animals as an accessory use to a single or two-family residence upon the issuance of a special permit after a finding that such use would not cause any discernible inconvenience to the neighborhood, and that such use is a bona fide accessory use in the Town of Milford. The Board voted unanimously to amend paragraphs 5, 7, and 10 of Article 4.

With respect to the definition of "Wetlands", it was agreed that the proposed definition be deleted, and that two new definitions be inserted. These definitions will eliminate the potential ambiguity which was pointed out by Attorney Greenwald at the Public Hearing.

With respect to the definition of "Supplemental Apartment", it was agreed that nothing in that definition or otherwise in the proposed amendments would prevent a homeowner from accepting any relative into his home. Any homeowner has the right to accept any person, or persons, into the home at present, as he has had in the past, and will have in the future, if that person or persons live with the family. Thus, the objection that the need for a special permit would cause a significant delay to allow such additional occupants is without merit. A special permit would only be required if the owner intended to construct a separate, private dwelling unit within the home to accommodate the specified relatives. It was also noted that the concept underlying "Supplemental Apartment" was to allow, in unusual circumstances, an exception to the general prohibition on duplexes in the RB, RC, and RD districts. It was also agreed that checks and balances are a necessity to prevent single family residential neighborhoods from acquiring permanent two-family structures which would alter the character of the neighborhood and the intent of the zoning By-Law.

The requirement for the special permit, therefore, was viewed as being consistent with these purposes. Finally, the necessity of renewing such a special permit was viewed as ensuring that any supplemental apartment would be used in a manner consistent with the intent of the By-Law, and that violations would be discovered and eliminated.

The Board voted unanimously to amend Paragraphs 5, 7, and 10 of Article 4. Mr. Iacovelli moved to recommend favorable action on Article 4, as amended. Mr. Parente seconded the motion. The Board voted unanimously to recommend favorable action to the Town Meeting on Article 4, as amended.

SEENA HELLER,

Chairman

JOHN B. TESSICINI

JAMES D. GRIFFITH

ARTHUR R. IACOVELLI

MICHAEL T. PARENTE

It was moved and seconded to delete Paragraph 7.

It was moved and seconded to withdraw above motion. Unanimous vote.

Voted: To amend Article IV of the Zoning By-Law in the following manner:

1. By deleting therefrom the definition of the term, "Boarding House," and by inserting in place thereof the following new definition:

"Boarding House — Any dwelling in which two persons, not members of the family dwelling on the premises, are housed or lodged for hire with or without meals in a room or suite which does not contain separate cooking facilities. A rooming house or a furnished rooming house, in which the rooms or suites of rooms in which the persons are housed or lodged for hire do not contain separate cooking facilities, shall be deemed a boarding house."

2. By deleting therefrom the definition of the term, "Bulk Storage," and by inserting in place thereof the following new definition:

“Bulk Storage — Exposed outside storage of sand, coal or other bulk materials, and bulk storage of liquids in tanks except underground as an accessory use. Bulk storage shall not include the exposed outside storage of lumber and other bulk building materials, where such storage is accessory to a retail sales outlet, and when a special permit for such storage of lumber has been issued by the Board of Appeals.”

3. By inserting after the definition of the term, “Family,” the following new definition:

“Flea Market — An open-air market for the sale at retail of second-hand articles or antiques.”

4. By inserting after the definition of the term, “Granite Quarrying,” the following new definition:

“Height — The vertical distance from the average finished grade of the adjacent ground to the top of the structure of the highest roof beam of a flat roof, the deck of a mansard roof, or the mean level of the highest gable or slope of a hip roof.”

5. By inserting after the definition of the term, “Junk Yard,” the following new definition:

“Livestock or Fowl — Animals or fowl owned or kept by a person, irrespective of the purpose for which they are maintained, but shall not include the keeping of three dogs or three cats, any household pet which is normally kept within a dwelling unit, residential animals the keeping of which is authorized by a special permit issued by the Board of Appeals, or horses kept in conjunction with the operation of a public stable the operation of which is authorized by a special permit issued by the Board of Appeals.”

6. By inserting after the definition of the term, “Manufacturing,” the following new definition:

“Massage Parlor — Any building or structure in which a person practices an activity which must be licensed by the Board of Health in accordance with Section 51 of Chapter 140 of the General Laws, but excluding an athletic club or gymnasium the primary use of which is physical conditioning or athletics, or any building or structure where such activity is performed by or under the direction of a licensed medical practitioner, or a licensed physical therapist.”

7. By inserting after the definition of the term, “Recreation,” the following new definition:

“Residential Animals — Animals or birds kept and maintained for the private use of the permanent residents of single-family or two-family residential property, upon the issuance of a special permit by the Board of Appeals after a specific finding that the keeping of such animals or fowl will not cause any discernible inconvenience or annoyance to abutters, and after a specific finding that the keeping of such animals or fowl is an accessory use to a single-family or two-family residence. Residential Animals shall not include three dogs or three cats, or any household pet which is normally kept within a dwelling unit.”

8. By inserting after the definition of the term, “Schools, Others,” the following new definition:

“Scientific Research — Uses, whether or not on the same parcel as activities permitted as a matter of right, accessory to activities permitted as a matter of right, which activities are necessary in connection with scientific research, scientific development or related production.”

9. By inserting after the definition of the term, “Structure,” the following new definition:

“Supplemental Apartment — An accessory dwelling unit, consisting of not more than three habitable rooms, as defined in Section 501 of the State Building Code, and occupied by not more than two persons, one of whom must be either a grandparent, parent or child of the owner of the building in which such apartment is located, or of the spouse of such owner, created within a detached single-family dwelling house, the creation of which accessory dwelling unit cannot alter the single-family residential appearance of the building in which such apartment is created.

10. By inserting after the definition of the term, “Warehouse,” the following new definition:

“Wetlands — Freshwater wetlands, as defined in Section 40 of Chapter 131 of the General Laws, and the regulations promulgated thereunder.”

11. By inserting after the definition of the term, “Animal Kennel or Hospital,” the following new definition:

“Areas Bordering Wetlands — Any land within either of the following: (a) 100 feet horizontally from the bank of any wetland, estuary, creek, river, stream, pond or lake; or (b) 100 feet horizontally landward from the water elevation of the 100 year storm, or whatever is the greater distance of (a) or (b).”

Standing vote — 113 in favor, 2 opposed.

Article 5. To see if the Town will vote to amend Article II of the Zoning By-Law by inserting after Section 2.5 the following new Section 2.6, or take any other action relative thereto:

“2.6 Nothing in Section 2.3, above, shall serve to prohibit the structural or other modification of any existing single-family or two-family residential dwelling within the General Residential (RA), Central Commercial (CA) or Neighborhood Commercial (CB) Zoning Districts, so as to create not more than three (3) dwelling units; provided, however, each of the following conditions is met:

“(a) Such modification, creating a third dwelling unit, shall not involve the physical expansion of the exterior of the structure, other than by the addition of such stairways, fire escapes or other facilities as may be required by the State Building Code;

“(b) Any third unit so created shall be restricted to not more than three habitable rooms, as

defined in Section 501.0 of the State Building Code, only one of which may be used as a bedroom;

- “(c) The structure, as modified, shall meet all other requirements of this By-Law relating to such multi-family dwellings, except those set forth in Section 2.5 of this By-Law, the Intensity of Use Schedule;
- “(d) A minimum of 2,000 square feet of open space shall be available for each dwelling unit, existing within the structure, as modified; and
- “(e) No such modification creating a third such dwelling unit, as herein provided, shall be permitted except on special permit from the Board of Appeals in accordance with Section 1.10 of this By-Law.” (Planning Board)

Seena Heller, Chr. of the Planning Board presented the following report:

Public Hearing held on March 15, 1978 — Public Hearing Report Zoning By-Law

The Public Hearing opened at 7:05 P.M. The Clerk read the public notice as it appeared in the Milford Daily News. All five members of the Planning Board were present: Chairman Seena Heller, Members John B. Tessicini, James D. Griffith, Arthur R. Iacovelli, and Michael T. Parente. Approximately fifty interested individuals were also present.

Article 5 deals with an alternative provision that would give a choice to the Town Meeting to allow conversion of existing one and two family homes to no more than three apartments in the CA, CB, and RA districts, if all conditions were met.

Mrs. Eleanor Guenther stated that she and her husband were against the proposal as were her neighbors, some of whom had already departed and had given her authority to speak for them. Mrs. Sophia Salvia also stated her objections in that her street was already congested, there were driveway problems, and there should be no more families added. Mr. F. Arthur Caswell asked if this By-Law would apply to rooming houses. The Chairman took this opportunity to explain that no prior existing uses would be affected in any way by adoption of the By-Law, and that anything in existence at this time would remain legal and allowed.

Mr. Blasio commented that some sections of the RB zone should be included. Chairman Heller explained that this alternate article was placed in the Warrant due to Mr. Blasio's request to the Planning Board in October of 1976 to consider one bedroom, efficiency apartments in the RA district. Joseph Ciaramicola of the Growth Policy Committee stated that his concern was another growth spurt such as Milford has experienced in the past and in his estimation felt we were still growing too fast. The Town could, he suggested, control too rapid growth by eliminating apartment construction of all kinds.

Selectwoman Marie Parente asked the Planning Board how many rental units were available in Milford. Mrs. Heller responded with the answer that there were presently 3,407 rental units available in a total housing stock of 8,235 households, which comprises 41.4 per cent

of Milford's available housing for rent. She also explained that these figures were obtained from documented records based on the 1970 Federal Census and the issuance of building permits in the Town since that time. Mr. Blasio disagreed with those figures. Mrs. Heller presented to the Public Hearing the educational cost figures for school children in all the apartment complexes as follows: Total assessed taxes of five complexes: \$517,864.20. Total pupil costs: \$775,468.75. Leaving a deficit of: \$257,604.55. Mrs. Heller stressed that no other municipal service costs were taken into account and that these figures represented educational costs only.

At 11:55 P.M., John Tessicini moved to close the Public Hearing and take all matters under advisement. Mr. Parente seconded. Unanimous vote of 5.

Subsequently, on March 21, 1978, at a Regularly Scheduled Meeting of the Planning Board, at which all five members of the Board were present, the issue of the proposed amendments under Article 5 of the Warrant were again discussed.

A letter from Mrs. Alva M. Taylor was read into the record. Mrs. Taylor had attended the Public Hearing, but due to the lateness of the hour, was unable to remain for the discussion of Article 5. Her letter expressed her opinion and, in part, it states:

“Because of the increasing difficulty young families are having in being able to afford new houses, one of the few viable options left, aside from apartment living, for families with young children is the RA district. On our street there are four new families with young children within approximately one block. The appeal of this fairly typical RA street probably includes the anticipation of a “Family Neighborhood” experience. Encouraging the development of multiple-family dwellings and small flats seems to lead away from the kind of revitalization that these young families can bring to the RA district as they use their youth and labor to update and in cases such as ours, rehabilitate houses which otherwise could become the duplicates of some of the eyesores about Town owned by various absentee landlords.

We have just restated our personal commitment to the concept of revitalization of an old neighborhood by selling our upgraded home at 158 West Spruce Street to a young couple and buying another house in need of rehabilitation on the same street, number 141. We feel there are many benefits to such a neighborhood - the intermixing of the generations, the reduction of dependence on the auto, the attainment of a realistic standard of living through the recycling of existing buildings rather than through increased consumption of natural resources for building materials - and would like to have our small input into protecting this type of opportunity for others.”

As was previously noted in the Public Hearing Report, in October of 1976, Mr. Domenic Blasio appeared before the Planning Board on behalf of the Builders' Association. He presented several recommendations for consideration relating to the proposed By-Law, among which was a request that the Board consider one bedroom, efficiency apartments in the RA district. Not only the Planning Board, but the Board of Appeal, the Conservation Commission, and the Legal Department considered the proposal from every aspect and in great

detail. The Planning Board arrived at the following conclusions:

(A) The RA district has the greatest density of population in the Town, that is, the most people on the least land. The current traffic and congestion problems would only increase if additional housing units were added in the RA district. If the proposal set forth in Article 5 is adopted, a single family home or a duplex, situated on as little as 10,000 square feet of land could be converted into an apartment house with three dwelling units.

(B) The price of a new or recently built home is beyond the reach of the majority of young families and many older families. Homes in the RA district, however, are affordable and are being purchased by young couples. Allowing multi-family (apartment) use would place these buyers in competition with business interests who buy for investment purposes. Not only could such competition force prices of these homes to rise, it could gradually change the character and quality of life in the older neighborhoods, and ultimately depreciate the value of other homes. Many residents can attest to the problems which confront neighborhoods where there are instances of transient rental occupancy in buildings owned by absentee landlords.

(C) As has been noted, last year the Town Meeting adopted a provision which allowed for the conversion of existing single-family, duplex, and three-family homes so that up to four dwelling units could be provided within those homes. At that time, it was suggested that elderly owners would avail themselves of the benefit allowed by that provision. And yet, the Board of Appeals has not received a single application for such conversion from an owner-occupant. In fact, only two such applications were received at all, one from a building contractor, and one from an absentee landlord.

We should add, moreover, that any amendment to the Zoning By-Law which is adopted by the Special Town Meeting *will not affect* any building or use, residential or otherwise, which was already in existence before the adoption of such amendment. In addition, any single-family home in the RA district can be converted to a two-family home, and nothing in the proposed amendments would serve to alter that fact. *Two-family homes are not multi-family dwellings.* Also, any house containing three or more dwelling units can be reconstructed or replaced in accordance with the proposed revisions to Section 3.1 of the By-Law which are set forth in Article 3 of the Warrant.

There was no interest and no discussion whatsoever at the Public Hearing regarding such conversion in the CA and CB districts, both districts encompassing East Main and Main Streets. The constantly increasing traffic congestion in these districts is an established problem in the Town.

At the conclusion of the discussion, Mr. Parente moved to recommend unfavorable action on Article 5. The motion was seconded by Mr. Iacovelli. The Board voted

unanimously to recommend unfavorable action to the Town Meeting on Article 5.

JOHN B. TESSICINI
JAMES D. GRIFFITH
ARTHUR R. IACOVELLI
MICHAEL T. PARENTE

It was moved and seconded that the Town vote to amend Article II of the Zoning By-Law by inserting after Section 2.5 the following new Section 2.6.

“2.6 Nothing in Section 2.3, above, shall serve to prohibit the structural or other modification of any existing single-family or two-family residential dwelling within the General Residential (RA), Central Commercial (CA) or Neighborhood Commercial (CB) Zoning Districts, so as to create not more than three (3) dwelling units; provided, however, each of the following conditions is met:

- “(a) Such modification, creating a third dwelling unit, shall not involve the physical expansion of the exterior of the structure, other than by the addition of such stairways, fire escapes or other facilities as may be required by the State Building Code;
- “(b) Any third unit so created shall be restricted to not more than three habitable rooms, as defined in Section 501.0 of the State Building Code, only one of which may be used as a bedroom;
- “(c) The structure, as modified, shall meet all other requirements of this By-Law relating to such multi-family dwellings, except those set forth in Section 2.5 of this By-Law, the Intensity of Use Schedule;
- “(d) A minimum of 2,000 square feet of open space shall be available for each dwelling unit, existing within the structure, as modified; and
- “(e) No such modification creating a third such dwelling unit, as herein provided, shall be permitted except on special permit from the Board of Appeals in accordance with Section 1.10 of this By-Law.”

Standing vote — 4 in favor, 115 opposed, above motion defeated.

Article 6. To see if the Town will vote to accept the provisions of Chapter 808 of the Acts of 1975.

(Planning Board)

Favorable recommendation reported by Seena Heller, Chr. of the Planning Board.

Voted: to accept the provisions of Chapter 808 of the Acts of 1975.

Voice vote carried.

Article 7. To see if the Town will vote to amend the Zoning By-Law by revising the Zoning Map referred to in Section 2.1 as “Milford, Mass — Zoning,” in the following manner, or take any other action relative thereto:

- a. To extend the existing Single-Family Residential (RB) Zoning District, located southerly of West Street and northwesterly of Tomaso Road, by rezoning from Highway Commercial (CC) to Single-Family Residential (RB) an 8,000 ± square foot parcel of land bordered on the east by the current westerly boundary line of the RB district, on the south by land now or formerly of Tomaso, a distance of about 84 feet; on the west by a line running N 27°53' 51" E a distance of 138.33 feet by land now or formerly of Leite, and on the north by a line running S 74°55'48" E a distance of about 33 feet by said Leite land.

Said parcel is shown on a plan entitled, "Plan of Land in Milford, Mass., Property of Antonio J. & Gloria M. Leite, . . .September 16, 1977, Guerriere and Halnon, Inc., Engineering and Land Surveying, 326 West Street, Milford, Mass."

- b. To extend the existing Highway Commercial (CC) Zoning District, located on the southerly side of West Street, by rezoning from Single-Family Residential (RB) to Highway Commercial (CC) a 15,550 ± square foot parcel of land bordered on the north by West Street, a distance 100.47 feet, on the east by land now or formerly of Cristino and by land now or formerly of Sheehan, a distance of 173.67 feet, on the south by a line running N 74°55'48" W a distance of about 105 feet by land now or formerly of Leite, and on the west by the current easterly boundary line of the CC district a distance of about 198 feet by said Leite land.

Said parcel is shown on the above-referenced plan. (Antonio J. Leite)

Seena Heller, Chr. of the Planning Board presented the following report:

Public Hearing held on October 18, 1977 — Public Hearing Report.

Antonio J. Leite — Rezoning of West Street from CC to RB and from RB to CC

The Public Hearing opened at 7:45 P.M. The Clerk read the notice as it appeared in the Milford Daily News. Of the five members of the Planning Board, four were present: Chairman Seena Heller, Members James D. Griffith, Arthur R. Iacovelli, and Michael T. Parente. The fifth member, John B. Tessicini, did not arrive at the meeting until after the Public Hearing. Seven interested individuals were also present.

Mr. Guerriere presented and reviewed the proposed change, affecting approximately two acres of land. Mr. Guerriere explained that originally Mr. Leite had had his house mechanically moved on the lot from one location (forward) to another (back). The lot in question is cut diagonally by a zoning line which leaves one portion RB (Residential, 15,000'), and another portion CC (Highway Commercial). Mr. Guerriere further explained that it is Mr. Leite's intention to have the portion of land his house now occupied rezoned totally RB, resulting in bringing his house lot up to the 15,000 square foot RB district zoning requirement. (CC to RB).

Further, it is his intention to extend the present CC (Highway Commercial) district and have the remaining portion of the lot rezoned CC in anticipation of moving his business (Dairy Queen, now located at the Hill Plaza) to this new location in the future. (RB to CC). Mr. Guerriere continued that if approval were forthcoming, Mr. Leite would then have to extend Tomaso Road, a procedure he estimated would require a year's time.

In answer to a question of Abutter Barry Sheehan of Tomaso Road, Mr. Leite replied that at the present time, he plans to locate the Dairy Queen business there, and that he wanted all of the land for a parking area.

After all parties had been heard, the Public Hearing was closed and the matter taken under advisement. Following subsequent discussion, Mr. Parente moved to recommend favorable action to the Town Meeting on this zoning change. Seconded by Mr. Griffith, unanimous vote of 4

SEENA HELLER,

Chairman

JAMES D. GRIFFITH

ARTHUR R. IACOVELLI

MICHAEL T. PARENTE

Voted: To amend the Zoning By-Law by revising the Zoning Map referred to in Section 2.1 as "Milford, Mass. — Zoning," in the following manner, or take any other action relative thereto:

- a. To extend the existing Single-Family Residential (RB) Zoning District, located southerly of West Street and northwesterly of Tomaso Road, by rezoning from Highway Commercial (CC) to Single-Family Residential (RB) an 8,000 ± square foot parcel of land bordered on the east by the current westerly boundary line of the RB district, on the south by land now or formerly of Tomaso, a distance of about 84 feet; on the west by a line running N 27°53'51" E a distance of 138.33 feet by land now or formerly of Leite, and on the north by a line running S 74°55'48" E a distance of about 33 feet by said Leite land.

Said parcel is shown on a plan entitled, "Plan of Land in Milford, Mass. Property of Antonio J. & Gloria M. Leite, ...September 16, 1977, Guerriere and Halnon, Inc., Engineering and Land Surveying, 326 West Street, Milford, Mass."

- b. To extend the existing Highway Commercial (CC) Zoning District, located on the southerly side of West Street, by rezoning from Single-Family Residential (RB) to Highway Commercial (CC) a 15,550 ± square foot parcel of land bordered on the north by West Street, a distance 100.47 feet, on the east by land now or formerly of Cristino and by land now or formerly of Sheehan, a distance of 173.67 feet, on the south by a line running N 74° 55' 48" W a distance of about 105 feet by land now or formerly of Leite, and on the west by the current easterly boundary line of the CC district a distance of about 198 feet by said Leite land.

Said parcel is shown on the above-reference plan.

TOWN OF MILFORD

FIRE DEPARTMENT MANAGEMENT STUDY

BACKGROUND

In several recent years, Fire Department expenditure have exceeded the amount budgeted by the Town. Payroll costs have been identified by Town Officials as the apparent major cause of the problem.

The Board of Selectmen asked Alexander Grant & Company to make an objective evaluation of the situation and to recommend actions that might help to bring about closer adherence to the established budget, in the future.

This report describes our study and the findings, conclusions and recommendations resulting from our work.

THE STUDY PROGRAM

The following work steps were performed during the initial, fact-finding phase of this study:

1. We met with the Selectmen, a Finance Committee representative, the Fire Chief, the Administrative Coordinator and the Town's labor relations counsel, to review the history of the problem, up to the time of the study.
2. We reviewed and evaluated systems and procedures used in the Fire Department for budgeting and controlling planned expenditures, scheduling and controlling manpower, and recording and reporting actual expenditures.
3. We also collected and analyzed certain statistical, financial and payroll information related to Fire Department activities for the first half of the current fiscal year and for the two previous years.
4. From time to time during the course of this fact-finding work, we met with Selectmen, the Fire Chief and the Administrative Coordinator to discuss our findings and alternate solutions to problems indentified by us.

FINDINGS AND CONCLUSIONS

The following findings and conclusions were developed during our fact-finding work:

1. The questions raised by those concerned with this problem appear to center not so much on whether money was actually spent in general accordance with budgeted line items, but rather on:
 - when (in detail) was the money expended?
 - Why (in detail) was the money expended?
 - Why was it not possible to anticipate potential deficits in certain categories and take timely corrective action?
 - Why was it not possible to reduce or defer certain expenditures by management action, or through negotiation with the firefighters' association?
2. The traditional methods and procedures used by the Milford Fire Department to record and report department expenditures generate a historical record, *but they do not provide:*
 - Adequate analyses and reports for the Fire Chief, to assist him in the efficient and cost-effective management of Department operations.
 - Analyses and reports for the Selectmen and the Finance Committee, so that they can adequately measure the effectiveness of Fire Department operations and anticipate problem situations.
 - Analyses and reports to better assist both the Chief and elected officials in identifying and solving problems that may arise, from time to time.

3. The traditional methods and procedures used in the line item budgeting and accounting process:

- Generate excess work for the Town Accountant because of the many line items utilized.
- May be confusing because of the way certain expenses are classified. *For example, some gasoline, telephone, and salary expenses are reportedly budgeted and charged to accounts which do not bear those names. (*)*
- Do not provide the Chief, the Town Accountant or elected officials with information which might help them to anticipate or identify overexpenditures.

(*)Note: We understand that this is a historical practice which predates the present Chief, Selectmen and Finance Committee.

4. In the course of our discussions with Town officials, including Selectmen, Finance Committee members and the Fire Chief, we heard expressions of concern about certain operational problems in the Fire Department. When these were discussed informally during a meeting called by us, at which labor relations counsel was also present, we found that some problems were resolved, that action programs were initiated to resolve others, and that in general, the air was cleared among those individuals representing several Town agencies. We believe that periodic sessions of this type would help to resolve problem issues and would also help to maintain close and harmonious relationships among the agencies involved.

RECOMMENDATIONS

The following recommendations, were developed as a result of our fieldwork and subsequent discussions with Town officials, including members of the Board of Selectmen and the Finance Committee, the Fire Chief, Town Accountant, Administrative Coordinator, and labor relations counsel.

1. Each week, the Fire Department should issue *Payroll Analysis I*, entitled: "Payroll Summary by Week and Year-to-Date." The format of this report is illustrated in Exhibit A. The report presents:
 - Weekly and year-to-date payroll information for each firefighter, officer and pensioner, indicating what portion of each person's salary applies to each of several pay categories.
 - Weekly and year-to-date totals for firefighters, officers and pensioners as groups and a grand total for the department.
 - The percentage of total pay for firefighters, officers, both those groups together, and the total roster, that applies to each pay category, on a weekly and year-to-date basis. Changes in these percentages should signal potential problems, once "normal" percentages are established.

2. Each week, the Fire Department should issue *Payroll Analysis II*, entitled: "Overtime Analysis by Employee, by Reason." The format of this report is illustrated in Exhibit B. The report presents:
 - Overtime money paid each employee, each week.
 - Overtime money paid to firefighters and officers, as groups each week.
 - The reasons why each employee (and firefighters and officers as groups) were paid overtime each week.
 - Total overtime paid by reason for the week.
3. Each month (as described on the report) the Fire Department should issue *Payroll Analysis III*, entitled: "Monthly Summary of Overtime Paid, by reason." The format of this report is illustrated in Exhibit C. The report presents:
 - Total overtime dollars paid for the month, by reason and in total.
 - Total overtime dollars paid year-to-date, by reason and in total.
 - The percentage of total year-to-date overtime payments that applies to each reason.
4. Each week, the Fire Department should issue *Payroll Analysis IV*, entitled: "Analysis of Paid Time Not Worked." The format of this report is illustrated in Exhibit D. The report presents:
 - Paid time not worked, by employee, in work shifts and dollars, for the week and year-to-date.
 - Paid time not worked, by employee, for the week, in shifts and dollars, by reason.
 - Totals for firefighters, officers and both groups, by reason, and for the week and year-to-date.
5. Each month, (as described on the report) the Fire Department should issue *Payroll Analysis V*, entitled: "Monthly Summary of Paid Time Not Worked, by Reason." The format of this report is illustrated in Exhibit E. The report presents:
 - Total dollars paid for the month, by reason and in total.
 - Total dollars paid year-to-date, by reason and in total.
 - The percentage of total year-to-date payments that applies to each reason.
6. Each week, the Fire Department should post total expenditures, by line item, to the *Budget Analysis* form. The format of this report is illustrated in Exhibit F. At the end of each month, the monthly and year-to-date totals should be posted to the form and the percentage of total appropriation remaining should be calculated. The Fire Department should issue this report each month.
7. For the next fiscal year, the line items listed on the *Budget Analysis* should be changed to reflect those used in the current budget preparation process. The new line items are illustrated in Exhibit G. If possible, expenses during the current fiscal year should also be posted to a schedule arranged according to next year's line item headings, as a historical record. This record will provide additional information to help with budget preparation in early 1979, for fiscal year 1980.
8. For fiscal year 1980, the Fire Department budget should be prepared in greater detail, with salaries budgeted by month and other expenses broken out on a monthly or quarterly basis. Once the time pressures associated with annual budget preparation for the next Town meeting have passed, the 1979 budget should be rearranged to show budgeted salaries by month and other budgeted expenses by month or by quarter. A format, showing the column headings for a revised *Budget Analysis* report is presented in Exhibit H.
9. Because of the size and complexity of Department operations, the Fire Chief should be provided with a *qualified*, full-time *confidential* clerk, to assist him with clerical, accounting, administrative and secretarial tasks associated with operation of the department. In the future, this may evolve into a part-time position, because of computerization, operating efficiencies, or a combination of both these factors.
10. The Fire Chief, the Selectmen and representatives of the Finance Committee should meet informally and privately from time to time to discuss Fire Department issues and problems. The Town's labor relations counsel should also attend these meetings, which should be called and scheduled by the Fire Chief, to avoid excessive use of executive sessions by the Selectmen or the Finance Committee. The purpose of these meetings should be:
 - To improve communications among the people and agencies involved;
 - To improve understanding of Fire Department "problems" regardless of which person or agency perceives the existence of such "problems."
 - To help build and maintain close and harmonious working relationships among the people and agencies involved.

CONCLUDING NOTE

The specific management reports and analyses described in the above recommendations are made possible by changes and improvements in financial data collection and presentation procedures, initiated by the Fire Department. Our general recommendation is that they be issued regularly (as indicated above) to the Board of Selectmen, Finance Committee and others whom the Selectmen may designate. We believe that these reports, if effectively used, can provide information to:

- Assist the Chief in efficient and cost-effective management of Fire Department operations.
- Assist the Selectmen and Finance Committee in measuring the effectiveness of Fire Department operations, and anticipating problem situations;
- Assist both the Chief and other Town officials in analyzing and developing solutions to problems that may arise, from time to time.

The recommended analyses and reports described above *will not prevent* budgetary problems from arising in the Fire Department. However, although they will not necessarily disclose all problems of this nature, they should, if properly used by Town officials, provide early warnings of many problem situations.

One final word about management reports: They should not be designed once and then forgotten for years. They need to be reviewed and revised as the circumstances and needs of the Town and the Department require. We suggest that the Chief solicit the help of the Town Accountant and Finance Committee Secretary, in reviewing the effectiveness of the management reports, on an annual basis.

the Fire Chief may request a public hearing before the
Board of Selectmen at which he may be represented by
counsel, shall be entitled to present evidence, call wit-
nesses and question any witness appearing at the hear-
ing.

"(c) Between 1 and 10 days after the public hear-
ing is adjourned, or if the Fire Chief fails to re-
quest a public hearing, between 6 and 15 days after
the delivery of the notice of the intent to remove,
the Board of Selectmen shall take final action, either
removing the Fire Chief or notifying him that the
notice is rescinded.

"Nothing in this Section 2.2 shall be construed as
granting a right to such a hearing when the Fire Chief
is not reappointed upon the expiration of the term of
the office of Fire Chief.

"Section 2.3. Vacancies — The Board of Select-
men shall forthwith fill any vacancy in the office of
Fire Chief, whether caused by death, resignation or
removal from office, for the balance of the unexpired
term.

"Section 2.4 Powers and Duties — The Fire Chief
shall be the "Department Head" of the Fire
Department, as that term is defined in Section 1.06
of the Personnel, Wage and Salary Administration
Plan; however, he shall be responsible to the Board of
Selectmen through the Executive Secretary/Purchas-
ing Agent. The Fire Chief shall be in immediate
control of all Town property used by the Fire Depart-
ment, and of the officers and firefighters thereof, who
shall obey his orders. The Fire Chief shall nominate to
the Board of Selectmen, the names of all persons
recommended for reappointment as an officer or
firefighter. The Fire Chief shall perform such other
duties as are established by law or by-law for those
serving as fire chiefs and as the heads of fire depart-
ments in towns, and such other duties as the Board of
Selectmen may determine.

"Section 3. Officers and Firefighters — The
Board of Selectmen shall appoint to the Fire Depart-
ment such officers and firefighters as it shall deem
necessary, and shall fix their compensation in an
amount not in the aggregate exceeding the appropria-
tion therefor. No officer or firefighter shall be so ap-
pointed by the Board of Selectmen unless such person
shall have been nominated for such appointment by
the Fire Chief. If there is a negative vote by the Board
of Selectmen on any name submitted by the Fire
Chief, the Fire Chief shall submit a new recom-
mendation, which recommendation may be the same
as that previously submitted. The officers and fire-
fighters appointed to the Fire Department shall be
governed by the provisions of Chapter 31 of the
General Laws, the Civil Service Law, so-called."

Section 2. Article 5 of the General By-Laws of the
Town, as appearing in Section 1, above, shall take
effect as provided in Section 32 of Chapter 40 of the
General Laws. Upon the effective date of said Article

5, any person holding the office of Fire Chief, Deputy Fire Chief, Fire Lieutenant or firefighter shall retain such office. The then incumbent in the office of Fire Chief, moreover, shall continue to serve in that office until he is removed therefrom in accordance with the provisions of Section 42 of Chapter 48 of the General Laws, he resigns or he dies. If, after the effective date of said Article 5, the office of Fire Chief shall become vacant, the Board of Selectmen shall forthwith fill that vacancy for a term which will expire as of the date of the next succeeding Annual Town Election. Thereafter, appointments to that office will be made in accordance with said Article 5.

Section 3: The above provisions of Section 1 and 2 shall take effect as of July 1, 1978.

And that the Moderator inquire if any voter wishes to consider any Item set forth in said Sections 1 and 2 separately, and if any voter so wishes, he or she shall ask the Moderator to remove that Item from Sections 1 and 2, and that when that is done, that the Town vote to adopt Sections 1, 2 and 3 of this motion, minus such item or items as may have been removed.

The Moderator then inquired if any voter wished to remove any item or items from the motion as presented.

The following items were removed:

Under Section 2—Items 64—65—66—67—68—69—70—71—72—and 74.

Under Section 1—Items 7 and 1 through 11.

It was moved and seconded to table the entire Article. A standing vote was taken and 75 having voted in favor and 76 opposed, the motion was defeated.

After a lengthy discussion it was moved and seconded to place Article 2 on the table.

Motion defeated by a voice vote.

It was moved the “previous question” and 118 persons having voted in favor and 11 opposed the motion was carried by the necessary 2/3 vote.

Question now came on the motion excluding the items which had been removed and it was

Voted: To amend the Personnel Wage and Salary Administration Plan in the following manner:

Section 1: By deleting therefrom the Wage and Salary Schedule in its entirety, and by inserting in place thereof the following new Wage and Salary Schedule:

Seena Heller, Chairman of the Planning Board presented the following report:

Public Hearing held on April 4, 1978 — Public Hearing Report

Self Service Gasoline Stations

The Public Hearing opened at 8:00 P.M. The Clerk read the Public Notice as it appeared in the Milford Daily News. All five members of the Planning Board were present: Chairman Seena Heller, Members John B. Tessicini, James D. Griffith, Arthur R. Iacovelli, and Michael T. Parente. Approximately twenty interested individuals also attended.

Mr. Gerald Johnson, District Manager of Shell Oil Company, representing Dealers George Papadopoulos of Central Shell Service and Earl Hoey of Plaza Shell presented his company's viewpoint on the proposed article. He stated that he backed the allowing of self serve operations in the Town of Milford as a means to allow those dealers affiliated with his company an opportunity to compete for volume sales and market growth in an environment that allows self serve stations in close surrounding towns.

He reported that in Medway a self serve station increased volume two and one half times, and in other cases such stations have at least recovered lost volume. He also stated there is a large concentration of such stations in the Worcester area. He stated that their Milford Shell Dealerships have suffered a ten - twenty per cent loss in volume.

He presented to the Board a copy of the Consumer Council Report conducted in November which concluded that the Consumer is the beneficiary of self serve operations in the state. He reported that 48 of the 50 states permit self serve operations. In Massachusetts, he reported, of about 4,000 stations, there are approximately 275-300 totally self serve stations — seventy-five per cent of which are owned and operated by independents. He stated that the major oil company lessee dealers have been the major losers in this competitive atmosphere. Mr. Johnson continued that since November 1977, under new regulations, dealers are permitted to offer split island operations and that before this legislation, dealers were prohibited from participating. He stated that Shell Oil wants both full self serve and split island types of stations.

In answer to Mr. Iacovelli's question concerning the safety of such operations, Mr. Johnson replied that the

requirements in this state are very cumbersome and restrictive in the area of safety and must be complied with. He stated that manual depress levers are used which automatically shut off upon release. Also, that fixed fire extinguisher systems are located over the island with controls inside and also controls are available which close off electricity to one or all islands. He cited the fact that gas stations as a whole have excellent safety records.

To allegations of local dealers present that the oil companies would take over the gas business, Mr. Johnson replied that there is no company in the industry that enjoys more than an eight per cent share of the market and that only two and a half percent, or 100 stations of 4,000 are directly operated by major oil companies, the rest are dealer owned. He stated that with a competitive marketplace, he felt no one dealer could control the market. Mr. Griffith commented that as full serve stations are replaced by self serve, competition will decrease and prices will rise. Mr. Joseph DeLuca of Milford Texaco presented a list of prices available in the Milford area at stations which indicated that full service stations in town are competitive with the self serve price of gas of 59.9¢ per gallon. He had done a survey and full service station prices in Milford ranged from 57¢ to 62¢ per gallon.

Mr. Johnson continued that there has been a three-four per cent a year increase in demand for gasoline and his dealers have lost volume sales. Mr. DeLuca contended that volume had fallen due to the fact that people are driving smaller cars which consume less gasoline, and that he felt self serve stations would take over and drive the local gas operators out of business.

Mr. Nicholas Trotta of Gulf Station and representing other Gulf dealers stated that people will have to serve themselves in all seasons and weather, and do without travel information available at full service stations.

Ruth Graham of Precinct 3 voiced her concern about such stations being allowed in already congested areas and stated that she felt it would limit the employment opportunities offered by full service stations to the youth within the community.

Fernando Rodrigues stated that women drivers would be at a disadvantage without full service features. Also, that he had stopped at a Tulsa Self Service station in Millis where the price was 61.9¢ per gallon.

Robert Capuzziello of Exxon questioned how dealers could compete if they are now set up for such service. Mr. Johnson replied that he spoke only for Shell and that Shell invests \$9,000. to convert their dealers to split island service and does not charge additional rent, expecting to recover its investment in increased volume sales. Mr. Johnson stated he felt that the dealers against the proposal were attempting to isolate a competitive force from coming into the town and thereby insure their level of business.

Mr. Dennis Byron questioned why the article was worded to allow full serve instead of split island service as Mr. Johnson specified.

Mr. Johnson summed up his company's position as being a concern with opening up split island operation

opportunities for its dealers and stated it is his company's position that it is a competitive disadvantage not to have a split island operation.

Mr. Earl Hoey of Plaza Shell stated his concern is offering a wider range of service to his customers. He has one full service and one-mini-serve island. Mr. Joseph DeLuca asked Mr. Hoey the price charged at the mini-serve. The reply was 59.9¢ per gallon.

All parties having had an opportunity to speak, Mr. Iacovelli moved to close the Public Hearing and take the matter under advisement. Seconded by Mr. Parente. Unanimous vote of 5.

Reasons & Recommendations

Subsequently the information presented at the Public Hearing was discussed by the Board. The article as proposed by Shell Oil indiscriminately proposes self service stations in all commercial and industrial zones. The Board considered the impact of such stations in all commercial and industrially zoned areas, particularly the CA and CB zones, which are presently seriously congested and densely utilized with the greatest volume of traffic through town. It was noted that in some southern areas, such operations having failed, left the towns to contend with vacant, abandoned buildings. The Board also voiced its concern with the total self serve wording of the article. During discussion it was noted that if the article is amended to allow only split island service, some members of the Board might be disposed to consider the approval of such an amendment. The Chairman stated that not enough information had been presented to make a conclusive judgement on split island, and that a second public hearing may be necessary for this proposal. Mr. Iacovelli moved to recommend unfavorable action to the town meeting on the article as presented. Seconded by Mr. Parente. Unanimous vote of 5.

SPECIAL TOWN MEETING

May 10, 1978

Milford, Massachusetts

The election to fill vacancies in Precincts 1 and 5 scheduled for 6:45 P.M. was delayed because there was not a majority present in each precinct.

The meeting was called to order by Moderator Noferi at 7:30 P.M.

The monitors reported 124 persons present, a sufficient number to constitute a quorum.

At 7:35 P.M. Moderator Noferi declared a 5 minute recess so that Precinct 1 members, who now had a majority, could hold their election.

Moderator Noferi announced that Ronald M. Creasia, 53 No. Bow Street, was elected to serve in Precinct 1 (2 yr. term) until the next annual Town election. Precinct 5 vacancy not filled—no majority at this time.

The Town Clerk read the warrant and the officer's return thereon.

Radio Station WMRC was granted unanimous consent to broadcast the meeting.

Article 1. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to be added to Line item #195 to pay for expenses incurred by operation of Civil Defense during the week of the February blizzard. Said funds will be spent under the jurisdiction of the Board of Selectmen, or take any other action in relation thereto.

(Board of Selectmen)

Voted: To transfer from the Title II Public Works Account the sum of \$1,867.01 to be added to line item #195 Civil Defense Account, to pay for expenses incurred by operation of Civil Defense during the week of the February blizzard. Said funds will be spent under the jurisdiction of the Board of Selectmen.

Voice vote carried.

Article 2. To hear the report of the Selectmen on the relocation and alteration of Congress Street, extending about 3,776 feet from West Fountain Street to North Vine Street; and to see if the Town will vote to accept said relocation and alteration of Congress Street by the Selectmen and according to the plan on file with the Town Clerk; and to see if the Town will vote to authorize the Selectmen to take by eminent domain, acquire by purchase or otherwise acquire the rights in land necessary for said relocation and alteration; to provide the sum or sums of money necessary to pay the costs or damages thereof, and the costs of construction or reconstruction of Congress Street as relocated, and to direct how said sums shall be raised, whether from current tax levy, by borrowing or otherwise, and how expended; or take any other action relative thereto.

(Board of Selectmen)

Voted: To pass over the Article.

Voice vote carried.

Article 3. To see if the Town will vote to petition the General Court for Special Legislation establishing in the Town of Milford, the office of Comptroller. Said Special Legislation shall provide as follows:

Section 1. There shall be in the Town of Milford a Comptroller to be appointed by the Selectmen. The Comptroller shall be a citizen of the United States and shall have at least three years' full-time accounting experience. He shall be a Certified Public Accountant and shall be subject to the supervision and control of the Selectmen. He shall devote his entire time to the performance of his duties and the supervision of the employees of his department. He shall be appointed for a term to run from the first Tuesday following the effective date of this Act until April 30 of the following year. In said following year, and in every third year thereafter, the Comptroller shall be appointed in April for a three year term to run from the first day in May. He may be removed by the Selectmen for cause and the vacancy filled for the remainder of the unexpired term. The position or office of Comptroller shall not be subject to the laws and rules pertaining to civil service, and the salary of the office shall be set in accordance with the Town's Personnel Wage and Salary By-Law.

Section 2. The Comptroller shall have, in addition to the powers and duties conferred and imposed upon town accountants, the following powers and duties:

(a) He shall prescribe the methods of installation and exercise supervision of all accounting records of the several officers, boards, departments, committees and commissions of the Town; provided, however, that any change in the system of accounts shall first be discussed with the Selectmen and the officers, boards, departments, committees and commissions affected.

(b) He shall establish standard practices relating to all accounting matters and procedures and the co-ordination of systems throughout the Town, including clerical and office methods, records, reports and procedures as they relate to accounting matters and shall prepare the issue rules, regulations and instructions relating thereto, which, when approved by the Selectmen, shall be binding upon all officers, employees and departments of the Town.

(c) He shall draw all warrants upon the Treasurer for the payment of bills, drafts, and orders chargeable to the several appropriations and other accounts.

(d) Prior to submitting any warrant to the Selectmen, he shall examine and approve as not being fraudulent, unlawful or excessive, all bills, drafts and orders covered thereby; and, in connection with any such examination, he may make inspection as to the quality, quantity, condition of any materials, supplies or equipment delivered to or received by any officer, board or commission of the Town, and may investigate the services or labor performed for or furnished to any such officer, board or commission. If upon examination it appears to the comptroller that any such bill, draft or order is fraudulent, unlawful or excessive, he shall immediately file with the Selectmen and Town Treasurer a written report of the reasons for his findings. The treasurer

shall not pay any bill, draft or order so disallowed by the comptroller.

(e) He shall be responsible for a continuous audit of all accounts and records of the Town wherever located.

(f) He shall be responsible for the co-ordination of all audits conducted by independent auditors.

(g) He shall assist all of the Town's several officer's boards, departments, committees and commissions in the preparations of their budgets. He shall furnish to the Finance Committee, by each December thirty-first, a report of each officer's, board's, department's, committee's and commission's budgetary requests for the ensuing fiscal year.

Section 3. If the comptroller is unable to perform his duties because of disability or absence, or if the office is vacant because of resignation or death, the Selectmen may appoint a temporary comptroller to hold such office and exercise the powers and perform the duties thereof until the comptroller who was disabled or absent resumes his duties or until another comptroller is duly appointed. Said temporary appointment shall be in writing signed by a majority of the Selectmen and shall be filed in the office of the Town Clerk.

Section 4. The comptroller, with the approval of a majority of the Selectmen, may appoint in writing, an assistant. Unless a temporary comptroller is appointed, the assistant may, in the absence of the comptroller, perform the duties of the comptroller and when performing such duties shall have the same powers as the comptroller.

Section 5. Upon the qualification of the comptroller first appointed hereunder, the Town Accountant shall cease to serve as such and the office of the Town Accountant shall thereupon be abolished.

Section 6. Nothing in this Act or any action taken hereunder shall contravene the provisions of any statute or any rules or regulations issued thereunder.

Section 7. This act shall take full effect upon its acceptance by the Town of Milford by a majority of the Town meeting members present and voting thereon at an annual or special town meeting called for the purpose within two years of the passage of this act, but not otherwise.
(Board of Selectmen)

It was moved and seconded to dispense with the reading of the motion as it is exactly as it appears in the warrant and it was so voted.

The Finance Committee recommended favorable action.

It was moved and seconded to amend the motion as follows:

Section 1, Sentence 3 should read

"He shall be a Certified Public Accountant or a Professional Accountant and shall be subject to the supervision and control of the Selectmen."

Section 2, (d) should read

"Prior to submitting any warrant to the Selectmen, he

shall examine and approve as not being fraudulent, unlawful or excessive, all bills, drafts and orders covered thereby. If upon examination it appears to the comptroller that any such bill, draft or order is fraudulent, unlawful or excessive, he shall immediately file with the Selectmen and Town Treasurer a written report of the reasons for his findings. The treasurer shall not pay any bill, draft or order so disallowed by the comptroller.

Section 4, Sentence 1 should read

"The Comptroller, with the approval of a majority of the Selectmen and the Personnel Board, may appoint in writing, an assistant."

CAPITAL PLANNING COMMITTEE REPORT — 1978

The Capital Planning Committee recommends the following for favorable action at this year's annual or special town meeting:

1. Acquisition of Land for the Highway Department \$45,000
2. Reconstruction of Congress Street
West Fountain to North Vine Street \$300,000
3. Construction of Sidewalk on Congress Street
West Fountain to North Vine Street \$ 40,000
4. Street Sweeper for the Highway Department
\$ 42,500
5. Rescue Truck for Fire Department \$ 19,000
6. Survey and Recommendations for
Reclamation of Cedar Swamp Pond \$ 15,000
7. Refuse Transfer Facility \$ 30,500

(1) The Highway Department desires to acquire the former Bradbury Locke property for future expansion. This is located on Central Street adjacent to present facilities. Additional space is needed for equipment storage. Present salt storage shed is obsolete and a new one will have to be built and located away from the Charles River.

(2) Increased traffic flow has made it hazardous to drive on the section of Congress St. from West Fountain to North Vine Street. This is in need of repair and should also be widened. Funds for this construction have been accumulated over the years so no new funding is necessary. Construction will be by the Highway Department and will proceed as far as available funds will allow.

(3) A sidewalk is needed to allow school children to walk safely to the Woodland School and to the new school on Congress Street. Funds are needed at this time so that sidewalk construction can proceed at the same time as the road construction.

(4) The Street Sweeper will replace a 1969 Elgin. The estimated useful life for this type of equipment is 8 years and the present sweeper will have been in use almost 10 years by the time a new sweeper arrives.

(5) It has become apparent that there are times when the Fire Department needs to transport victims because of time delay in waiting for an ambulance, or when the victim cannot wait because of shock. This vehicle would replace the present rescue truck which is 8 years old and in need of repair. It would have the capability of transporting one or more persons (in extreme emergencies only). All other functions will remain the same, thus it will not be necessary to increase the operating budget of the Fire Department because of this additional capability.

(6) Fifteen thousand dollars was appropriated at last year's Town Meeting for a survey and recommendations for the reclamation of Cedar Swamp Pond. When bids were opened all but one came in above that figure. The Conservation Committee seeks an additional \$15,000 to have the study, which they feel will be most useful to them, performed. In addition to receiving Federal and State Funding up to 75% for the actual reclamation of Cedar Swamp Pond, there is a possibility of this funding being available for the closing of the Landfill.

(7) Because of the closing of the landfill, it is necessary to provide a new site for handling of all the waste that the rubbish collection contractors do not collect. The Board of Health has proposed a location on Town-owned land on the opposite side of Cedar Street. Funds are needed for clearing, grading, construction of an access road, and paving. The work is to be performed by the Highway and Tree Departments. Space will also be provided for the location of bins for the collection of various recyclable materials.

The total costs for the above projects (excluding the reconstruction of Congress Street) comes to \$192,000.

REMARKS ON CAPITAL EXPENDITURES REQUESTS

- Item #1 Highway Department desires to acquire 1 ¼ acres of land at Central and Front Streets (Bradbury Locke property) for future expansion.
- Item #2 Total reconstruction of Congress St. roadway from West Fountain to North Vine Street. Roadway will be widened, and new drainage installed.
- Item #3 New sidewalk to be constructed on one side of roadway described in Item #2.
- Item #4 & 5 Represent planned program on equipment replacement for the Highway Department.
- Item #6 Seeks funds to construct new building on land described in Item #1.
- Item #7 Fire Department seeks funds to replace present rescue truck, which is 8 years old and in need of repair.
- Item #8 Fire Department desires to make repairs to Spruce St. Station for purpose of energy conservation.
- Item #9, 10 & 11 Represents planned program of equipment replacement for the Fire Department.
- Item #12 Additional funds required for survey and plans to determine the most cost effective reclamation method for Cedar Swamp Pond.
- Item #13 Cedar Swamp Pond Dike-located at land-fill site which the town has been mandated to build by the State Water Pollution Control Board.
- Item #14, 15 & 17 Dredge Cedar Swamp Pond, improve site and Construction of shell for summer concerts. These projects are in accord with Conservation Commission's goal for developing Cedar Swamp Pond as a recreation area for the Town.
- Item #16 Establish conservation Districts for watershed protection, flood control, wildlife habitat and general open space. Land purchase over a period of years will be necessary. Areas of major concern are along waterways and wetlands within the Town.
- Item #18 Construction of a Refuse Transfer Facility on town-owned land on Cedar Street bordering on the southerly side lot line of the Chevron Gasoline Station across from Dilla St.
- Item #19 Closing of existing landfill station which the State has ordered closed.

Item #20

New Library-Committee has been meeting and action is underway to select a site and prepare plans.

Report of The Milford Community School Use Program

THE HONORABLE BOARD OF SELECTMEN
Gentlemen and Madam:

The following is the report of the Milford Community School Use Program for the period July 1, 1977 - June 30, 1978.

As in the past, our goal has been to provide the best educational, recreational, and cultural activities for the citizens of Milford. Our future goals now include the strengthening of the present services and activities and to search for new areas of concentration for the enjoyment of our residents.

Our efforts have been aided and supported by the School Committee, the Superintendent of Schools, the Milford School System, and numerous other town boards and agencies. This cooperative spirit and support insured the success of our program.

Finally, a special word of thanks to the eighteen member Community Use Committee. Their efforts and time should be noted by all. They deserve the thanks of all of us for the continued devotion to the task of providing activities for our residents.

Respectfully yours,
LOUIS J. CELOZZI, *Director*

Report of The Conservation Commission

To the Honorable Board of Selectmen
and the People of Milford

During this fiscal year, the Conservation Commission held fifteen Public Hearings, sent out nine Cease & Desist Orders, approved two extensions and denied one extension.

In each instance, on-site inspections were made by at least one member of the Commission, frequently more were present. The Town Engineer, John Parmentier was required to study all plans and to give the Commission his criticisms and recommendations.

This has been an unprecedented number of orders and hearings and it would seem that this trend will continue to build up in the future.

Despite the heavy work load, this is only the tip of the iceberg with respect to activities of this Commission.

Kenneth Nigro managed the seedling sale this year with great success.

Marc Greenwald has taken before pictures of Linear Park as well as various wetlands violations that are very important for our records.

Reno DeLuzio, who heads the committee for the reclamation of Cedar Swamp Pond, was responsible for writing the specifications for the study of Cedar Swamp. This is a seventeen page contract that would govern the quality of the study and possibly our ability to acquire grants from federal and state sources towards the reclamation of the pond. It was a paper that required much research and expertise.

Louis Espanet has assumed the responsibility of supervising the summer CETA workers in Linear Parks I and II, with the help from Town Engineer Parmentier and Assistant Town Planner Martin Goldstein. This is a five days a week task and most time consuming.

Robert DePaolo volunteered to review the ariel wetlands maps for errors and omissions, a job for which he is most suited since he is thoroughly familiar with Milford's topography.

Verna Cahill wrote a series of articles on wetlands which was published by the Milford Daily News. The theme of the articles was the importance and need for protection of these lands. A great deal of comment was engendered and copies are still being requested.

The Commission received a special award for our educational display at the Garden Club Flower Show.

The flowering crab program was continued this year, with the Greenleaf Garden Club delivering trees to homeowners who border the west side of Louisa Lake. When the trees are in bloom, they will provide a beautiful backdrop for Louisa Lake and will be visible from Dilla Street.

The Commission is responsible for starting the Ivy Brook Assoc., which has created excellent rapport among the homeowners of that group and town departments. Ron Speroni of the Highway Dept. and our Town Engineer have inspected the brook. A list of short term and long term goals for improving this area has been drawn up with input from the Association. Mr. Casasanta, a prominent contractor, has offered to donate his time and equipment to correct grading in certain areas of the proposed Ivy Brook Park.

Members of this Commission have attended meetings with MACC, the Growth Policy and Finance Committees, Historical and Parks Commissions, Boards of Health and Personnel, and the Milford Housing Authority. We were involved with interviews for hiring the Assistant Town Planner and the hiring of the company to perform the study for Cedar Swamp Pond.

Now that Assistant Town Planner Martin Goldstein has been hired, Linear Park activities have accelerated. We want to thank the Highway Department and Joe Graziano our Tree Warden, for taking the time out of their busy schedule to do the heavy construction and clearing out in this project. Without their help, Linear Park would never been created.

The Commission appreciates town meeting members for giving us such a vote of confidence in approving our request for monies on the study for Cedar Swamp Pond.

It has been a busy year.

Respectfully submitted,

VERNA CAHILL, Chairperson

Report of The Milford Council on Aging

June 30, 1978

To the Honorable Board of Selectmen
and the Citizens of the Town of Milford:

I am pleased to report that the Milford Council on Aging, through the combined efforts of all its members, have provided weekly Bingo Parties, Arts and Crafts classes, activity day for men, blood pressure clinics, weekly shopping bus, numerous day trips and various activities to all local senior citizens.

Under the Leadership of our Chairman, John Peters, our efforts to acquire a maxi-van, the nutrition program, and an Activity Director, have all become a reality.

Concentrated efforts of acquiring a new drop-in center have been progressing.

I wish to thank all Council members, the Honorable Board of Selectmen, and other town departments, for their cooperation during the fiscal year ending June 30, 1978.

Respectfully submitted,

Report of The Fire Department

To the Honorable Board of Selectmen and the Citizens of
the Town of Milford, Massachusetts:

It is my pleasure to submit a report of the activities
and recommendations for the Fire Department for July 1,
1977 to June 30, 1978. The Management Study, approved
at the Town Meeting, provided the Confidential Clerk
needed for the management of our records and activities.
It should be noted that both fire stations, Spruce Street
and South Main Street, need extensive repairs and we will
eventually have to spend money to update the heating
plants of both stations. Our Brush Truck is 20 years
old and the chassis should be replaced to make it easier and
faster to obtain parts.

May I express my sincere thanks to all Departments for their assistance with the Fire Department during the past year.

Respectfully,

Dear Resident:

As you know, the Town Meeting last year approved \$7,000.00 to be expended by the Personnel Board to hire a consultant to perform a Wage and Salary Study for non-union and non-school Town Employees.

This study was conducted by Richard Siegel Associates, Boston, MA. at a cost of \$6,500.00. The final 54 page report contained recommendations for a new wage and salary plan for employees.

It is an attempt to construct a rational and equitable wage structure for various classes which would alleviate many salary inequities that have existed in the present Wage and Salary Classification Plan.

All recommendations are based upon objective studies of the wages paid and benefits offered to persons in comparable positions in Towns in the Milford area and upon a careful study of the job duties actually performed by Milford Town Employees.

The following are specific recommendations of the study:

- 1) Create a Managerial Class (MA) which includes positions of Veterans' Agent, Librarian, Building Commissioner and Superintendent of Sewers.
- 2) Include all clerical full and part time positions in Classes (CA-1; CA-5.)
- 3) Create a Professional Class (P) to include the position of Town Counsel, Assistant Town Counsel, Executive Secretary/Purchasing Agent, Town Accountant, Town Engineer, Planning Assistant, Health Officer, Board of Health Physican and Dental Hygienist.
- 4) Create a Technical Class (T) to include Technical and code enforcement positions such as Plumbing Inspector, Wiring Inspector, Gas Inspector, Building Inspector, Dog Officer, Inspector of Animals, Burial Agent, Sealer of Weights & Measures, and Assistant Health Officer.
- 5) Redefine the custodian labor class (CL) to include Sanitary Disposal Commission Shovel Operator, Grounds Keeper, Janitor-Memorial Hall, Park Custodian and Fino Field Caretaker.
- 6) Redefine all positions in the Medical Home to a (MH) designation which includes several classes of positions such as managerial, professional staff, clerical, support, and part-time professional.

For your review, we have included the motion for Article #2 which will be presented at the Town Meeting on Wednesday evening April 19, 1978.

Section 1 of the motion establishes the new classification schedule and four salary levels.

Section 2 sets forth the level and salary recommendation for each position and incumbent who is employed in the position. All managerial Classifications (MA-1) were set at Level #3. The Professional Classifications (P-1 — P-5) were set at varying levels based on the incumbents experience, job responsibilities, and academic qualifications required to perform the duties of the position.

All part-time Classifications under T-1 are set at Level 2. All part-time Classifications under T-2 are set at Level 4.

CL Classifications are set at Levels 3 and 4.

All SE Classifications are set at Level 4.

All MH Classifications are set at Level 2 except MH-10 which is set at Level 4 and MH-11 is set at Level 1.

We trust that this letter will explain the new wage and salary classification plan and also the changes and adjustments being made this year.

Sincerely,

JOHN BIELLO, Chairman

Report of The Planning Board

HONORABLE BOARD OF SELECTMEN,
MILFORD, MASSACHUSETTS

The Planning Board met on a weekly schedule during the past year conducting regular meetings, special meetings, inter-board meetings and work-shop sessions. Numerous meetings lasted beyond midnight and into the next morning.

The continuing growth of the town in both residential and commercial areas had added immeasurably to the work load of the Planning Board. Two sub-divisions were processed and approved: Woodcrest Estates, sixteen lots off Congress Terrace. Orchard Park, thirty-four lots off Latern Lane.

The most significant accomplishment of the Planning Board was the revision of the Zoning By-Law which had initially been adopted in 1965. In addition, the By-Law was brought into compliance with Chapter 808 of the M.G.L. The entire new By-Law was approved almost unanimously at a Special Town Meeting on March 27, 1978.

We take this opportunity to express our gratitude to the Zoning Board of Appeal and the Conservation Commission who participated in many workshop meetings and provided recommendations to be incorporated into the revisions.

Most particularly, however, our deepest appreciation is herewith conveyed to Town Counsel Edward P. Doherty for the overwhelming task of researching and drafting the entire Zoning By-Law. The magnitude of effort and work contributed by all the involved boards and departments

saved the town an average amount of \$20,000 as evidenced by quotations from professional consulting firms seeking the opportunity to bring our by-laws into compliance with Chapter 808.

In the coming year, the Planning Board expects to review and restructure its Rules and Regulations relating to the sub-division of land in the town.

Report of The Police Department July 17, 1978

To the Honorable Board of Selectmen
and to the Citizens of the Town of Milford:

It is my pleasure to submit a report of the duties performed and the monies expended by your Police Department during the Fiscal Year ended June 30, 1978.

As the following report indicates, demands for Police service continue to escalate and because of inflation, necessary money expenditures continue to tax our operating budget.

As in past years, Law Enforcement courses have been provided to keep your Police Officers abreast of continuing changes, and numerous Officers are availing themselves of the Town's incentive program. This past year, Sergeant Americo Mancini was awarded an Associates Degree in Law Enforcement from Northeastern University and Officers William Cataldo, Henry Webster and Ronald Wilkins successfully completed the mandatory twelve weeks training for Police Officers at the Brookline Mass. Police Training Academy.

May I at this time again express my sincere thanks to all Town Boards, Committees and to all Department Heads for the cooperation extended to me and to assure all of my continued cooperation in all matters of mutual interest.

Respectfully,

JOHN J. McGRATH
Chief of Police

SUPERINTENDENT'S REPORT

The highlights of the 1977-78 school year included planning for new schools, implementing recommendations, initiating and continuing curriculum development, revitalizing traditional subjects - plus coping with the impact of a massive February storm.

Because of the vote of the Town Meeting, June 30, 1977, the firm of Drummey, Rosane and Anderson was employed by the Elementary School Building Committee (ESBC) to begin the process of constructing the newest elementary school, to be situated on Congress Street, close by West Fountain Street. The ESBC selected A. Bonfatti & Co., Inc. of Norwood as the General Contractor. In spite of the bad weather in February, the opening date of the new federally-funded school is projected as April 1979. In February 1978, Mr. Anthony Cimino was appointed principal of this school.

When the elementary school children, now housed at the Central Elementary School, move to the new school, Central will be converted to a Middle School. The date of anticipated occupancy of the renovated school is the Fall of 1979.

The high school has been involved in the process of implementing the remaining feasible recommendations of the 1975 Evaluation Committee, while the Middle School faculty was engaged in the development of its two year report to the New England Association of Schools and Colleges. The elementary schools' faculties have begun the process of analyzing the recommendations of the 1977 Visiting Team. In addition, the faculties decided to initiate the development of Minimum Standards for each grade in each subject, with each elementary school principal acting as adviser to one of the Minimum Standards ad hoc Committees. The full implementation of the Science Curriculum Instruction study (SCIS) has caused great strides to be accomplished in the field of Science in the elementary schools, thus making Science one of the strongest curriculum areas throughout the school system.

Art, Music, and Foreign Language received special scrutiny during this past school year, resulting in their revitalization, and the renewal of interest in them within the schools and the community alike.

In spite of the fact that the school population continues to grow, albeit at a lesser pace than in the immediate past, the School Committee decided for the second consecutive year to have no net increase in personnel, thus manifesting a sustained concern for the taxpayers' dollars.

The past year has been busier than the last, filled with problems and situations which required the members of the seven member School Committee to spend an inordinate amount of time and effort. They deserve, both individually and collectively, the thanks of all of us for their selfless devotion to the needs of the children of Milford throughout 1977-78.

Respectfully submitted,

JAMES J. BUCKLEY
Superintendent of Schools

Report of The Sealer of Weights & Measures

To the Honorable Board of Selectmen:

I submit my report as Sealer of Weights and Measures for the period of July 1, 1977 to June 30, 1978.

Salary	1,849.00
Expended	1,849.00
General Expenses	210.00
Expended	210.00

I notified in compliance with provisions of Section 41 Chapter 98 of the General Laws of Massachusetts, as amended giving notice to all persons that all scales, pumps, and measuring devices for the purpose of buying and selling goods, wares and merchandise to be brought in and these devices to be tested, adjusted if need be and sealed, I then inspected all places of business in the Town of Milford.

Sealing fees are turned over to the Town Treasurer.

I wish to thank the Honorable Board of Selectmen and the public for the cooperation given one during the past year.

Respectfully,
ERNEST M. PANORESE
Sealer of Weights & Measures

Report of the Board of Sewer Commissioners For F.Y. Ending June 30, 1978

To the Honorable Board of Selectmen and
To the Citizens of Milford:

The Board of Sewer Commissioners respectfully submits this report on the Milford Sewer System for the fiscal year ending June 30, 1978.

COLLECTING SYSTEM:

Routine maintenance was performed on the street sewers and service connections as required and in response to service calls.

The relief sewer from Beach Street Extension, crossing the Charles River, to the Charles Street Pumping Station was replaced. The replacement, which was completed in September, 1977, included 1382 linear feet of 16-inch pipe, 85 linear feet of 12-inch pipe and 85 linear feet of 8-inch pipe.

Permits for 50 house connections were issued, which brings the total number of services to 4583.

The second phase of the sewer system evaluation was completed and a report on the condition of the system and recommended improvements was submitted to the U.S.

E.P.A. and the Mass. Division of Water Pollution Control. The evaluation and rehabilitation of the system, which is required as a basis for receiving Federal and State grants, is expected to locate and remove sources of extraneous flow from the sewers. The evaluation relied on internal inspection by TV camera to locate leaking or broken pipes and smoke testing to locate possible points of interconnection of sewers and drain lines.

PUMPING STATIONS AND FORCE MAINS

In addition to routine operation and maintenance of pumping stations, work is in progress on equipment improvements at the Charles Street station. The improvements to the Medway Road station have been delayed by equipment shipments but work is expected to begin shortly.

SEWAGE TREATMENT PLANT:

Periodic analyses were made throughout the year on the treatment plant flow, BOD of the influent and effluent, suspended solids, temperature, chlorine residual and total coliform. Summaries of the analyses were submitted to the Mass. Div. of Water Pollution Control.

Monthly average flows and effluent BOD were as follows:

Month 1977	Flow Ave. M.G.D.	Plant Effluent B.O.D.
July	1.45	24
Aug.	1.37	25
Sept.	1.54	24
Oct.	2.95	—
Nov.	3.00	29
Dec.	3.75	14
1978		
Jan.	3.17	18
Feb.	2.31	21
Mar.	3.64	21
Apr.	3.80	26
May	3.09	23
June	2.22	—

Yearly Average Flow = 2.69 MGD

Yearly Average BOD = 23

Competitive bids were advertised and received for treatment plant supplies including chlorine, ferric chloride, lime and fuel oil, for F.Y. 1978 - 79.

The application to obtain Federal and State Funds for additions and improvements to the Treatment plant was submitted to the U.S. E.P.A. and the Mass. Div. of Water Pollution Control in January 1978. The supporting documents to the application which were also submitted were the Report on the Sewer System Evaluation Survey, the report on the Pilot Plant Study conducted at the treatment plant and the Facilities Plan which outlines the proposed additions and improvements.

The reviewing process by Federal and State agencies is expected to be completed shortly and final design of the facility will begin as soon as the grant is received.

Report of The Certified Public Accountants

Board of Selectmen
Town of Milford

We have examined the schedule of cash receipts of the Town Clerk, Town of Milford, for the period April 14, 1974 to June 30, 1974, for the years ended June 30, 1975, 1976 and 1977 and for the period July 1, 1977 to October 31, 1977. Our examination was made in accordance with generally accepted auditing standards, and accordingly,

included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the schedule of cash receipts of the Town Clerk referred to above presents fairly the cash receipts of the Town Clerk for the period April 14, 1974 to June 30, 1974, for the years ended June 30, 1975, 1976 and 1977 and for the period July 1, 1977 to October 31, 1977.

Report of The Collector of Taxes

July 10, 1978

Honorable Board of Selectmen
Town of Milford
Milford, Massachusetts 01757

Gentlemen:

I am very pleased to report that the tax collections during the fiscal year ending June 30, 1978, have been excellent.

The uncollected fiscal 1977 Real Estate and Personal Property taxes amounts to less than one per cent.

Our current levy of Real Estate and Personal Property taxes shows only about four per cent outstanding at fiscal year's end.

It would not be possible to achieve these results if it were not for the great efforts on the part of my office staff. A special thank you to Frances Hennessy, Dorothy Beccia and Joan Sanchioni for a job very well done.

Also, I wish to extend thanks to the Board of Selectmen and all other departments for their cooperation during the last year.

Respectfully submitted,

ROBERT J. ANDREANO
Tax Collector

Report of The Milford Traffic Study Committee

To the Honorable Board of Selectmen:

The Milford Traffic Study Committee herein submits the following report and recommendations.

1. That the Town enter into a formal agreement with Mr. & Mrs. Albert N. Bourbeau, owners of property at 1 Fountain Street, located at the corner of Purchase and Fountain Streets, for the removal of shrubbery along Purchase Street and to purchase a suitable wood fence. It has been verbally agreed to have the Town remove the shrubbery and purchase said fencing, which the owner has agreed to install. The cost of fencing has been estimated to be \$450.00.
2. To have an engineering study made to straighten the "S" curve on Highland Street at or near the McKinley property. The trees located at the start of the curve which restricted vision have been removed and arrangements are being made with the Tree Dept. for the removal of the stumps.

The Committee also reports that "No Parking" signs have been erected on the easterly side of Main Street from Chapin to Hollis Street which now restrict parking on that side of Main Street from the junction of Route 16 at 140 to Hollis Street.

Also the speed limits have been posted on Birch Street at 25 M.P.H., Maple Street at 25 M.P.H. and on Sumner Street at 20 M.P.H. from Glines Avenue at Sumner and 30 M.P.H. from beyond the Milford Housing Development to Dilla Street.

Respectfully submitted,

TRAFFIC STUDY COMMITTEE

Veterans' Services Department

Introduction

I hereby submit the Annual Report of the Veterans' Services Department for the year 1978.

Veterans' Service laws of the Commonwealth of Massachusetts, relating to veterans and their dependents, provide for two major programs: one deals with service and the other deals with financial assistance in time of need (Veterans' Benefits, Chapter 115).

The reason for creating a department of Veterans' Services is due to the following conditions

1. To inform all veterans of all wars of their rights and privileges from statutes enacted by local, state and federal government.

2. Approximately 80% of the community will at some period require the expertise of knowledgeable people in the field of Veterans' Affairs. The vast benefits available is a major activity for the Veterans' Services Department of the Town of Milford.

Our services to veterans and their dependents is a record that we are proud of. A well trained staff makes for

a very efficient operation that our community is satisfied with, meeting the needs of our veterans, bearing in mind the financial obligation to our taxpayers.

Our Annual Report will cover procedures used by the Veterans' Services Department, to bring forth our vast programs of Veterans' Benefits from all sources to insure the veteran population of efficient services. Services to our veterans and their dependents requires individual and personal contact to assure the best results in veterans' matters.

ACKNOWLEDGEMENT

We express our appreciation to all who extended their efforts in behalf of the Veterans' Services Department, namely:

Board of Selectmen
Commissioner of Veterans' Services
Veterans' Administration
Representative Louis Bertonazzi.

Through the energetic work of my staff, the Veterans' Services Department has provided the service to our veterans and their dependents, being aware of the fact that our services have constantly increased. It is therefore necessary to emphasize the quality of our services and continue with our best efforts to maintain an efficient and economical Veterans' Affairs Program.

Respectfully submitted,
ANTHONY J. MASTROIANNI

REPORT OF THE BOARD OF SELECTMEN

To the Citizens of the Town of Milford:

Here follows the report of the Board of Selectmen to the residents of the Town of Milford which will serve as a brief summary of our activities for the past fiscal year.

Fiscal Year 77-78 was an extremely busy one notwithstanding the economic problems confronting the Town of Milford and the State of Massachusetts.

Refinements in the Town's personnel system took the form of substantial revision in the classifications, and pay plan including the development of new job classifications and a general up-grading of the pay plan.

Personnel changes included the retirement of Catherine L. Coyne, as Town Clerk, after 40 years of service to the Town; the hiring of Martin Goldstein as Planning Assistant replacing Richard Allardice who resigned, the appointing of Michael Diorio to the Civil Service position of Town Accountant, and the hiring of Attorney Ernest P. Pettinari for the newly created position of Assistant Town Counsel.

We have worked during the year to support several pieces of legislation, some of which are as follows:

1. Court Reform legislation
2. Local Aid — Increase school reimbursements
3. H.B. 1900 — Property classification bill establishing different rates of assessment for residential, commercial and industrial property
4. Legislation raising the drinking age to 19
5. Legislation establishing 25 year mandatory jail terms for drug pushers
6. H.B. 4590 — Aid to private schools
7. H.B. 5630 — Third party payment bill to help ease welfare costs
8. S-1510 — Eliminating automatic cost of living increases to MBTA employees

Considerable progress was made during the year in the planning and development of future projects including:

- development of plans and alternatives via a feasibility study for a proposed alternate by-pass route for Main Street in order to alleviate the traffic congestion problem
- development of plans and specifications for the proposed Town Hall renovation project
- submission of preliminary applications to Department of Elder Affairs for funding to construct a multi-purpose Senior Center within the lower level of Town Hall
- Town meeting approval for the planning, engineering and reconstruction of Congress Street from Fountain Street to North Vine Street

- Town meeting approval for brook repair on Water Street and also the reconstruction of a subsurface drain on Memorial School Property through private property 276' to School Street

- supported the Milford Housing Authority's application for funding for 120 additional housing units

Committee Appointments

200th Birthday Celebration Committee: this (15)

member committee will work to organize, plan and schedule various activities to celebrate the 200th Birthday of the Town of Milford in 1980.

Town Audit Committee: on the advice of our Town

Accountant and Executive Secretary, we appointed a committee to prepare specifications and review audit proposals. The timing of a Town Audit by an outside C.P.A. firm was necessary to comply with Federal Revenue Sharing regulations.

Additional progress has been made on the Louisa Lake Dam Project this year. Final construction plans and specifications have been prepared by the State Department of Environmental Engineering which will be reviewed by the Town Engineer and the Conservation Committee. After review and final modifications to construction plans, the project will be let out to competitive bidding by the State for construction to commence late spring or early summer of 1979.

At our direction, our Executive Secretary/Purchasing Agent and Planning Assistant will continue to seek out and prepare applications for Federal Funding for the Town Hall Renovation Project, the Multi-Purpose Senior Citizen Center, the alternate Main Street by-pass route and an industrial access road off of Route 109.

Throughout this past year, we have acted on many applications for various licenses and permits under our jurisdiction according to Massachusetts General Laws. We will continue to review local procedures and policies for compliance with state statutes as amendments are made and we will continue to administer the licensing powers of our Board in the best interest of the Town of Milford.

Finally, we wish to thank our Town Counsel, Executive Secretary/Purchasing Agent, Assistant Town Counsel and all other Town Officials, Departments and municipal employees who have helped to make this past year successful.
